U.S. RECOGNITION IS EXPECTED BY RUSSIA TO AID IN FAR EAST

Soviet Considers Roosevelt's Action Will Support Her Position Against Japan—London Fears Proposed Pact Will Injure English Sales—Washington Is Expectant

WASHINGTON, Oct. 20 (AP).—President Roosevelt suddenly opened the way today for relations between the sixteen-year-old Communist Government of Soviet Russia and the United States. In a letter to Mikhail Kalinin, President of the Soviet Republic, Mr. Roosevelt ten days ago invited him to send a representative here "to explore with me personally all questions of standing between our countries."

On Wednesday Kalinin cabled acceptance of the invitation and designated M. Litvinoff, Commissioner for Foreign Affairs, to come to Washington to talk with Mr. Roosevelt. A date for the conference remains to be set.

MUTUAL BENEFITS
Mr. Roosevelt emphasized the letters simply meant what they said. "Participation in such a discussion would, of course," said the President in his letter to Kalinin, "not commit either nation to any further course of action, but would indicate a sincere desire to reach a satisfactory solution of the problems involved."

"It is my hope such conversations might result in good to the people of both our countries."

SAYS JAPAN IS NOW SATISFIED

Japan Will Not Fight Russia, States H. G. W. Woodhead, Shanghai Journalist

Despite rumors heard in British Columbia that war between Japan and Russia within the next few weeks is inevitable, H. G. W. Woodhead, of Shanghai, well-known journalist in the Orient, writes today in the Shanghai Evening Post and Mercury, looking for no further trouble. Mr. Woodhead, editor of The China Year Book, and columnist for The Shanghai Evening Post and Mercury, attended the recent Pacific Relations Conference in Banff. At conclusion of the conference he visited England, and is now staying at the Strathearn Hotel, but will leave for Shanghai today on the S. S. Empress of Russia.

Japan has everything she wants at present in the Orient, Mr. Woodhead explained. She is still continuing to bicker with the Russians over prices of railroads, but Japan has practically the full control now, he said. Manchuria still remains the land of the Chinese in many ways, although the Japanese are the overlords. Emigration from Japan to Manchuria is almost negligible, and there are little prospects of it increasing at present. Mr. Woodhead explained the Chinese are better agriculturists than the Japanese, and can be hired for one-half to one-sixth of the wages paid the Japanese in Manchuria.

SHANGHAI AFFECTED
Shanghai with its 3,000,000 population has suffered a great slump in business as an aftermath of the Japanese war activities, the journalist said. It will be a long time before matters right themselves, he asserted.

Mr. Woodhead has lived in the Orient for thirty-one years and written a number of books. His experiences have been varied, and he was in 1925 on a British vessel which was captured by Chinese pirates. Although the Chinese passengers aboard were robbed of all their belongings, Mr. Woodhead, with nine other foreigners, were not molested and allowed to continue on their way four days later. Life in the Orient, when described as a fantastic story, he said, with a smile.

PRAIRIES UNDER WINTER BLANKET

Snow Covers Territory From Rockies to Great Lakes—Blustering Winds

WINNIPEG, Oct. 20 (CP).—Blustering winds from the North brought the first real touch of winter to Western Canada today. From the Rocky Mountains to the Manitoba-Ontario boundary line a blanket of snow, ranging from one inch to Southern Alberta, to a modest two inches in Manitoba, put a temporary halt to fall work on the land and brought a hazard to traffic on the highways.

More than eighteen inches fell in the southern Alberta district yesterday, but this was partially displaced by a period of bright sunshine. In Saskatchewan, a light fall was accompanied by a rising wind, which gave every indication of an approaching blizzard. At Winnipeg, the white fall blanketed boulevards and gardens, but melted rapidly in a temperature one degree removed from the frost point. Slushy streets made both walking and driving difficult.

Two Reasons Offered for Germany's Resignation—Terms Assembly as Anti-Fascist Mass Meeting—Geneva Believes Cause of Disarmament Is Greatly Weakened

BERLIN, Oct. 20 (AP).—Two reasons were offered tonight for Germany's resignation from the League of Nations, that the League was a "forum for Jews and Marxists" and that it had refused to admit Germany from the beginning.

CANDIDATE IS STRUCK BY CAR

Russ Humber, Independent in Islands Riding, Left on Roadside

SIDNEY, Oct. 20.—Russ Humber, of Sidney, who is in the political field as an independent candidate for the Islands riding, was struck by a car while walking along the Esplanade Road near Tripp station shortly before the meeting. Mr. Humber was struck by an automobile and lay on the road. R. Shillito, a neighbor, found Mr. Humber and took him to the Humber residence. His condition is given as not serious.

DECLINED TO SPEAK
When news of the accident was given by J. Matthews to a large number who had assembled for the meeting, Alexander McDonald and J. Thornley, who had been invited by Mr. Humber to appear on his platform, expressed regret at the news and declined under the circumstances to speak as they had intended.

Mr. Humber is well known in the district and in Victoria, where he was a member of the City Council for a number of years.

Judgment Reserved On Application for Nomination Rights

Names of Four Assentors on Papers of Major John C. Hartley, in Lillooet, on Papers of Another Candidate Basis of Dispute

VANCOUVER, Oct. 20 (CP).—Judgment was reserved today by Mr. Justice Robertson on an application in Supreme Court for reinstatement of Major John Curtis Hartley as candidate in Lillooet, in the Provincial elections.

The case arises out of the nomination day proceedings recently at Lillooet. One minute before the time for filling nomination papers was up, George M. Murray, Liberal candidate, filed an affidavit with Returning Officer Alex Ogston, of Lillooet, that four of the names on Major Hartley's papers were also on the papers of a rival candidate, Commander John Morrison Smith, C.C.F.

Million Dollar Fire Destroys University, Bank and Four Homes

New Brunswick Catholic Institution Prey to Mysterious Outbreak

STUDENTS WERE ALL IN CHAPEL

ST. JOSEPH, N.B., Oct. 21 (CP).—At 3 a.m. today fire was threatening further damage after destroying five buildings of St. Joseph's University, six barns on the college property, and structures outside the campus, including a business building, several residences and two barns. Damage was estimated at well over a million dollars.

A gymnasium and rink were the only parts of the university to escape unscathed by the flames. Last to become ignited was the roof of a chapel in the wing erected only a year ago. The flames were being driven across the street towards St. Thomas' Church.

ST. JOSEPH, N.B., Oct. 21 (CP).—Fire of unknown origin last night practically obliterated St. Joseph's University, destroyed five neighboring structures and caused damage of one million dollars or more.

Early today all that remained of the French-Canadian University, conducted by the Holy Cross Order, was a new wing erected a year ago and containing the chapel, where the entire student body of 300 youths, fifteen priests and fifteen brothers were when the fire broke out at 8 p.m.

POLICE AND STRIKERS IN HOT BATTLE

Seventeen Injured in Silk Industry Riots in New Jersey

FIGHT STARTS AT LABOR GATHERING

PATERSON, N.J., Oct. 20 (AP).—Five men were injured, one critically, as police battled silk strikers late tonight to bring the total number hurt in a day of violence to seventeen.

Police were called out to quell a disorder which broke out in the Left Wing National Textile Workers' Union Hall. A fight started during a meeting on the second floor of the hall and spread down the stairway and into the street.

Six were arrested in the melee. Earlier today eighteen pickets were arrested following a riot in which bullets and stones flew, and twelve were injured. Of these two were wounded seriously.

AUTO PLUNGES OVER HIGHWAY

H. M. Whittaker and S. McAllister Narrowly Escape Serious Injuries

Kenneth J. Bishop, motion picture producer, was a participant in an unscheduled, spectacular automobile crash yesterday that has provided a thrilling moment on the screen, but which left S. McAllister and H. M. Whittaker, commercial travelers, shaken and relieved over their narrow escape from serious injury, and possibly death.

The machine driven southbound by Mr. McAllister clipped the side of a car driven North by Mr. Bishop, en route to location at Cobble Hill, Provincial Police reported.

SMALL BOY LOST LIFE IN FOREST

Wanders From Home and Dies of Exposure While 200 Men Look for Him

LINDSAY, Ont., Oct. 20 (CP).—While 200 men were combing the bush for him, two-and-one-half-year-old Robert Jackson lay dying from exposure only a mile and a half from his home. The body of the little boy, who wandered away from the farm home of his father, Ellsworth Jackson, Thursday morning, was discovered today in the thick, wet woods stretching between his home and a small lake.

WATER SYSTEM CHANGES URGED

P. Leighton Disagrees With Method of Making Collections of Rates

In the opinion of P. R. Leighton, the system of water rates in force in Victoria City is on a wrong principle. In addressing members of the Real Estate Board yesterday, Mr. Leighton said he was not pretending to pose as an authority on water rates. There were some abuses which he wished to speak of and suggestions to make as a remedy.

He said the waterworks should be regarded as a sort of co-operative institution in which every citizen was equally interested. The water flowed into the city through the pipes placed there to benefit all. The cost of construction, the maintenance and the operation of the system was practically the same whether all users kept their pipes open all year long or closed them all year long.

JOINED SYSTEMS
Under these circumstances it was not unfair to have the whole of the citizens share equally in the cost, as was the system followed in many parts of England. Another system was to charge for the water used and in carrying out the plan here, Victoria joined the two systems, having it partially based on the service charges and partly on the water used.

Touching on the apartment house charges, he referred to the arbitrary rate of one dollar for the whole of the suite which seemed to him wrong. The taker of water for an apartment should not be limited as to how he used it.

He favored as the system to be adopted that it should be based on the size of the service pipe that was expected to be required. When the owner felt that a larger pipe was used to serve the holding, he should pay on that basis.

With regard to garden rates, Mr. Leighton was of the opinion that in a city which wanted to have the fullest beautification plans carried out, there should be every inducement to use water for garden purposes.

GARDEN RATES
Something had been attempted along this line, but the system of arriving at a half rate for additional water used was cumbersome and unfair in certain details, and an attempt had been made to have a winter rate with a summer charge on a half rate of the excess used during the latter period. The council, however, had wiped the whole half rate system out.

The suggestion was offered that if it were deemed necessary to do so, the city might turn over the system to a private limited liability company by means of unredeemable bonds carrying a fixed rate of interest, which should take care of the construction cost.

In the discussion that followed the address, Major Cuthbert Holmes, as chairman of the special committee that had gone to the waterworks question, explained that the subject was found to be so complicated in its details that a tremendous amount of engineering data would be necessary in solving the matter. The committee had failed to make exact recommendations.

Mr. Leighton's suggestions will be considered by the executive committee of the board.

MOTHER SEVERELY BURNED
EDMONTON, Oct. 20 (CP).—Mrs. T. Laman was severely burned yesterday when she was cooking and flames to save the lives of her three children, trapped in their burning home. She suffered burns about the breast and arms.

Today will see the opening of a big double attraction at the Capitol Theatre, including "My Weakness," the gay screen musical, starring Lillian Harvey, and also on the stage, Reginald Wood and his specially augmented ten-piece orchestra. This band attraction will be on the stage twice daily for the next three days, with a programme of vaudeville turns immediately following them.

Low Ayres, handsome young star who was signed to a long term contract by Fox Film, was immediately assigned to co-star with Lillian Harvey in "My Weakness," the original B. G. DeSylva musical comedy. Ayres recently completed a four-year contract with Universal, during which time he climbed from a player of small roles to stardom.

His contract with Fox comes as the result of excellent work in "State Fair". The band will appear at 2:30 p.m. and again at 8:30 o'clock.

PLAYHOUSE Romance reigns at the Playhouse Theatre today, where Janet Gaynor and Warner Baxter appear in the leading roles of the Fox Film production of "Daddy Long Legs". Una Merkel, John Arledge, Claude Gillingwater, Sr., and Kathlyn Williams are prominent in the cast. Alfred Santell directed.

DOMINION The largest sound stage ever built at a motion picture studio was constructed at Metro-Goldwyn Mayer to house the spectacular March of Time Ballet in "Broadway to Hollywood" all-star picture now at the Dominion Theatre. Five hundred Alberta Ranch dancing girls take part in this episode of the picture, which was filmed in technical.

COLUMBIA Evelyn Knapp will be the star at the Columbia Theatre for the last of the season today in "The Air Hostess". James Murray and Thelma Todd also in the supporting roles. Also on the same bill is Tom Keene in "The Scarlet River".

He Wed and Didn't Know It, He Says

OROVILLE, Calif., Oct. 20 (AP).—August Anderson, self-announced imposter, presented a court petition yesterday for a nullification of his marriage to Ina L. Anderson, saying he had just learned he has a wife whom he married in Persimmon, Mont., in 1933, who is living, and has returned here with their two children.

Anderson's tangled affairs show four marriages, according to his statement here. Two years ago he asked for an annulment of a marriage he had contracted in Denver as "John Morgan" while, he said, he had lost his memory for a time.

Later, he added, he became and suddenly remembered his name was Anderson, and that he had married his wife Ina in Tehama County in 1908, had been divorced from her and married her in Sacramento in 1920.

GYMNASIUM IS BEING ERECTED

North Saanich Organization Hopes to Have Structure Ready for Season

In keeping with their aim of being of service to the district, the North Saanich Service Club is pushing the building of its new gymnasium to completion. It is hoped to have the structure in use for the season's work.

The building will be located at the rear of the clubroom on School Crossroad, which has been the scene of many large gatherings attended by men prominent in the life of the Province and Empire.

When completed the gymnasium will be a frame structure, with rustic siding, fifty-two feet long and twenty-eight feet wide, with full basement. The upper floor will be used for gymnasium work and the basement as a badminton court. The basement will be fitted out for use as a kitchen and dining-room. A furnace-room will also be installed.

VOLUNTARY LABOR
The work of construction is being carried out largely by club members, the major part of the labor being of a voluntary nature, thus making the building of the structure possible at this time.

On completion the North Saanich Service Club Hall and gymnasium will cover more than 5,000 feet of floor space.

The girls' athletic wing has been organized under Miss Anne Lynden, Mrs. W. Beswick and E. W. Hammond, about forty girls having enrolled to date. It is intended to carry out a varied program of gymnasium work. During the last winter this group functioned with great success.

Mr. Dereson and Roy Tuttle are organizing the boys. Graded divisions will be formed.

Competent physical instructors from Victoria will help with the work; among these will be instructors from the 16th Canadian Scottish, this is the second year that this work has been undertaken with great benefit to all taking part.

MICHIO ITO TO BE AT ROYAL MONDAY
Before sailing for Japan early in December, where he is to dance at the special invitation of the Royal Government, Michio Ito, world-famous dancer, will make a brief tour of the Pacific West and Canada. Ito has won recognition the world over as one of the greatest male dancers of today. His art unites that of the East and the West in its originality, intensity and fascination. The Ito Dance Concert in this city will take place at the Royal Victoria Theatre on Monday, October 30.

DAMON RUNYON FILM OPENS HERE MONDAY
Damon Runyon, author of "Lady for a Day," internationally known sports writer, drinks as many as thirty small cups of black coffee during the course of a night. He takes coffee while his Broadway company to work more than their regular shifts, yesterday granted the United States Government a \$4,348.80 claim against the Canadian Pacific system.

The amount represents the overtime wages of approximately twenty-five immigration inspectors who worked more than their regular hours in meeting Canadian Pacific ships in Seattle and Vancouver, B.C.

The suit was based on a 1931 congressional measure providing the immigration department under the same regulations as the customs service.

"Trust her! You surely don't think she could keep a secret?" "Well, I've trusted her with other things, and she kept them!"

HIGHWAY BOARD IS ADVOCATED

Rex Theatre Well Filled to Hear Liberal Leader and Esquimalt Candidate

In a clear-cut address, T. D. Pattullo, leader of the Liberal party, enunciated the policies laid down at the Liberal convention a year ago when speaking to an audience of nearly 300 persons in the Rex Theatre Thursday night. His address was in support of C. E. Whitely-Griffiths, Liberal candidate in the Esquimalt riding. C. A. Heigeson also supported the candidate on the platform. J. F. Mesher was the chairman.

Mr. Pattullo received an enthusiastic hearing. He was compelled to leave early on account of another engagement in Saanich.

C. A. Heigeson in his address dealt with the new famous "mothball incident," showing how "unbusinesslike" the present game laws were, and stated that they would most certainly be changed when the Liberals took office. The "spoils and patronage" system that had been in vogue, he said, to such a "vicious extent of late years" was also dealt with, and the Liberal platform of the Liberal party calling for the appointment of a "highway commission" was the only way by which this important part of the public service of the province could be handled, free of politics, for the real benefit of all the people, the speaker claimed.

DEMOCRATIC PARTY
C. E. Whitely-Griffiths, who, at the commencement of his address, informed the meeting that he had been a resident of Esquimalt riding for twenty-seven years, and had pioneered on the land deal with the pressing needs of all parts of the riding. The strength of the Liberal platform, which had been democratically formed, was dealt with, and he made it clear that if the people, through their recognized organizations, called for and wanted the present advanced legislation framed than what was already under consideration by the Liberal party, it would be adopted.

A letter from the Canadian Legion, dealing with their stand at the present time, was answered by the speaker, who made it clear that, while every possible consideration would be given to the returned man and they could rely upon the speaker's fullest sympathy, their position was not to be considered in conjunction with the interests of the rest of the people.

The speaker's promise to come before the Esquimalt electorate each year met with considerable applause.

LOWER TRADE COSTS SOUGHT

Credit Granters' Association Wants Equitable Scale of Licences

In an effort to get lower licence charges and a more equitable scale of licence levying, the Victoria Credit Granters' Association will interview the City Council seeking its co-operation in having the necessary legislation enacted, it was decided at a luncheon meeting of the local association in Spencer's dining-room yesterday.

This course was decided upon following an address by Robert J. Jameson on a general survey of licensing.

"Several years ago the city was collecting \$15,000 in licence fees," declared the speaker. "It has since risen to \$105,000, and this can not be considered as fair." He declared that the total and business men had consented to the higher scale on the assumption the funds would be used for the public bureau for advertising purposes. This had not been done, he declared. "This money has been placed in a common-pot from which the city council can draw on at will," he maintained.

LICENCE SCALES
Chain stores paid but \$20 per year for licence, while independent mental stores were assessed \$35 per department. It was revealed that professional men paid \$50 per year, while it was thought to be the highest in the Dominion of Canada.

He pointed out that the Credit Granters, being a very powerful and representative body of business men, had every right to protest because of the high taxes they pay.

"There is no time like the present for concerted action," he declared. "The November 2 election is the turning point in the history of this Province. The government elected will be a similar case to the President Roosevelt and will have an opportunity of aiding business men more than ever before. The government to work more than their business men more fully than they have ever done," Mr. Jameson asserted.

U.S. COURT RULES C.P.R. MUST PAY

Canadian Company Charged With Overtime for Immigration Service at Seattle

SEATTLE, Oct. 20 (AP).—Federal Judge Jeremiah Netter's ruling shipping lines must pay the overtime of immigration inspectors when their vessels dock at hours requiring inspectors to work more than their regular shifts, yesterday granted the United States Government a \$4,348.80 claim against the Canadian Pacific system.

The suit was based on a 1931 congressional measure providing the immigration department under the same regulations as the customs service.

Joan Blondell Wants To Be Known in Films Under Her Legal Name

HOLLYWOOD, Calif., Oct. 20 (AP).—Joan Blondell, blonde film star, broke a precedent last night that Hollywood always had regarded as sacred when she informed Warner Brothers-First National Studios that hereafter she desired to be known on the screen under her legal name, Joan Barnes.

The monetary value of a screen name built up through the years is something that so far as the oldest heads in Hollywood could remember has always been a prime consideration, even though the name were not or did not even approximate the true name of the film player.

No actor or actress within memory of the experts ever has tampered with the name under which fame was achieved.

DEATH CLAIMS HON. W.C. WELLS

Oldest ex-Member of Provincial Legislature Dies at Vancouver

VANCOUVER, Oct. 20 (CP).—Hon. W. C. Wells, aged ninety-three, former Minister of Lands in the Dunsmuir Government, and recognized as British Columbia's oldest ex-M.P., died Thursday night, in General Hospital. He resided at East Fifteenth Street.

The veteran British Columbia politician—who had taken an active part in the industrial and political part of the province since coming to British Columbia in 1886—was admitted to the hospital on August 27 suffering from an old ailment. For a time he showed improvement, but complications set in which the vitality of his advanced age could not withstand.

BUILT FIRST MILL
In 1886, when the first passenger train prepared to leave Montreal for the Pacific Coast, he felt the urge to go West and left aboard that historic train. When Mr. Wells arrived in British Columbia he saw the tremendous possibilities of the lumber industries, and constructed the first sawmill in the interior, at Kicking Horse River, which he operated for more than twenty years.

In 1896 Mr. Wells entered the Provincial Legislature, representing a Kootenay riding until 1903, and from 1903 to 1907 he represented the riding of Kamloops. He was elected to the House of Commons in 1907, and was called by Hon. James Dunsmuir to take the portfolios of lands and public works.

TAX RETURNS IN SAANICH ARE UP

On Estimate of 78 Per Cent Collections, 77.4 Per Cent in Treasury

Saanich tax collections to date are above average, it was revealed when figures were completed by Treasurer Wilfrid Green, yesterday. If the collections continue, the council will be well within its estimated budget at the end of the year.

The total estimated general and school levy was \$222,698 and collections to date have been \$172,358. The council estimated on 78 per cent collection basis and up to yesterday 77.4 per cent had been paid by taxpayers. This is felt to be an excellent average under the present stress of the year.

The total general levy was \$138,502 and \$107,016 of this amount is now in the municipality's treasury. School levy amounted to \$84,115, and collections in this field have been \$65,340.

Tax returns from practically all portions of the estimate, including tax arrears, are well within the budget, Mr. Green revealed. It is expected collections will be slightly above last year's figures at the end of 1933.

Honorary Degree For John Nelson

ALFRED, N.Y., Oct. 20 (CP).—Honorary degree of Doctor of Laws was conferred upon John Nelson, of Montreal, and formerly of Victoria, president of Rotary International today. Mr. Nelson made the principal address at the inauguration of Dr. Paul E. Tilsworth as president of the university.

Rheumatism Got Him

80-Years-Old Pianist Is Relieved by Kruschen

Although old age has not yet kept this man from his occupation as a pianist, rheumatism did threaten to do so recently.

"Two years ago," he writes, "I was suddenly taken with rheumatism, all down my left arm. I tried many things—all to no purpose. I then commenced taking a few drops of Kruschen's salt water every morning, and soon felt better. My arm, which was painful and nearly useless, to my astonishment, was now after a few weeks' treatment, quite better. I am more than pleased, as I am a pianist, and playing made matters worse. I am now entering my eightieth year, and am in good health."—O. L. A.

HOLLYWOOD, CALIF., OCT. 20 (AP).—Joan Blondell, blonde film star, broke a precedent last night that Hollywood always had regarded as sacred when she informed Warner Brothers-First National Studios that hereafter she desired to be known on the screen under her legal name, Joan Barnes.

The monetary value of a screen name built up through the years is something that so far as the oldest heads in Hollywood could remember has always been a prime consideration, even though the name were not or did not even approximate the true name of the film player.

No actor or actress within memory of the experts ever has tampered with the name under which fame was achieved.

DEATH CLAIMS HON. W.C. WELLS

Oldest ex-Member of Provincial Legislature Dies at Vancouver

VANCOUVER, Oct. 20 (CP).—Hon. W. C. Wells, aged ninety-three, former Minister of Lands in the Dunsmuir Government, and recognized as British Columbia's oldest ex-M.P., died Thursday night, in General Hospital. He resided at East Fifteenth Street.

The veteran British Columbia politician—who had taken an active part in the industrial and political part of the province since coming to British Columbia in 1886—was admitted to the hospital on August 27 suffering from an old ailment. For a time he showed improvement, but complications set in which the vitality of his advanced age could not withstand.

BUILT FIRST MILL
In 1886, when the first passenger train prepared to leave Montreal for the Pacific Coast, he felt the urge to go West and left aboard that historic train. When Mr. Wells arrived in British Columbia he saw the tremendous possibilities of the lumber industries, and constructed the first sawmill in the interior, at Kicking Horse River, which he operated for more than twenty years.

In 1896 Mr. Wells entered the Provincial Legislature, representing a Kootenay riding until 1903, and from 1903 to 1907 he represented the riding of Kamloops. He was elected to the House of Commons in 1907, and was called by Hon. James Dunsmuir to take the portfolios of lands and public works.

TAX RETURNS IN SAANICH ARE UP

On Estimate of 78 Per Cent Collections, 77.4 Per Cent in Treasury

Saanich tax collections to date are above average, it was revealed when figures were completed by Treasurer Wilfrid Green, yesterday. If the collections continue, the council will be well within its estimated budget at the end of the year.

The total estimated general and school levy was \$222,698 and collections to date have been \$172,358. The council estimated on 78 per cent collection basis and up to yesterday 77.4 per cent had been paid by taxpayers. This is felt to be an excellent average under the present stress of the year.

The total general levy was \$138,502 and \$107,016 of this amount is now in the municipality's treasury. School levy amounted to \$84,115, and collections in this field have been \$65,340.

Tax returns from practically all portions of the estimate, including tax arrears, are well within the budget, Mr. Green revealed. It is expected collections will be slightly above last year's figures at the end of 1933.

Honorary Degree For John Nelson

ALFRED, N.Y., Oct. 20 (CP).—Honorary degree of Doctor of Laws was conferred upon John Nelson, of Montreal, and formerly of Victoria, president of Rotary International today. Mr. Nelson made the principal address at the inauguration of Dr. Paul E. Tilsworth as president of the university.

Rheumatism Got Him

80-Years-Old Pianist Is Relieved by Kruschen

Although old age has not yet kept this man from his occupation as a pianist, rheumatism did threaten to do so recently.

"Two years ago," he writes, "I was suddenly taken with rheumatism, all down my left arm. I tried many things—all to no purpose. I then commenced taking a few drops of Kruschen's salt water every morning, and soon felt better. My arm, which was painful and nearly useless, to my astonishment, was now after a few weeks' treatment, quite better. I am more than pleased, as I am a pianist, and playing made matters worse. That Body of Yours
By James W. Barton, M.D.
ADVANTAGES AND DISADVANTAGES OF SPINAL ANAESTHESIA
You have undergone an operation and after coming out from under the ether anaesthetic have felt quite uncomfortable—a feeling of nausea and a desire to vomit with considerable pain in the abdomen due to gas pressure.
This feeling may last for a few hours or for a day or two.
A friend of yours undergoes the same operation and has none of this distress because instead of putting him to sleep with ether, he has had an anaesthetic put into his spinal column. He is quite enthusiastic about the whole operation as he is able to tell his friends and family all about it as he knew everything that was said and done during the operation.
Naturally you wonder why you were not given this "spinal" anaesthetic and been spared the distress you experienced from inhaling the ether.
You question your doctor and he informs you that each of the anaesthetic methods have certain advantages and disadvantages.
Thus Dr. U. H. Smith, Louisville, Kentucky, outlines the good points about the spinal anaesthetic: (1) There is no irritation to the bronchial tubes or lining of the lungs; (2) complete muscular relaxation is obtained, requiring less handling of the abdominal organs; (3) there is less nausea and fewer gas pains than with the ether or other methods where the anaesthetic must be breathed in the lungs; (4) there is less loss of fluids (an important point in preventing shock) as fluids may be given during and immediately after the operation; (5) the patient can often help the doctor if questions are asked him; (6) it is probably safer in cases of high blood pressure heart ailments; (7) patients are grateful, especially if they have had disagreeable after effects from the ether method.
Why, then, should not all operations be done under the spinal anaesthetic?
The dangers of spinal anaesthesia are in: (1) Operations above the abdomen, that is from chest upwards; (2) extremely low blood pressure; (3) brain and spinal cord disorders; (4) skin infections on the back at the point where the needle containing the anaesthetic is inserted into the spine; (5) nervous or excitable patients who object to

The point then is that your doctor, knowing you as he does and the type of operation to be performed, will likely order the best method of anaesthesia for you.

WISH TO GO TO JAIL IS GRANTED

Vancouver Man Breaks Window and Magistrate Passes Six Months' Sentence

VANCOUVER, Oct. 20 (CP).—Edward McManus, seventy-three, wished to go to jail for six months. So he broke a 300 glass window in the store of A. Neselhaum. Today he had his wish granted by Police Magistrate J. A. Findlay. "I am pleading guilty and I want six months," declared McManus, when the charge was read to him in court.

After ascertaining the man's age the magistrate queried: "Have you ever been in Okalla before?" "Yes, and I want six months," was the reply. "I am afraid six months is too long, is it not?" asked the magistrate. "No," said McManus. "Why do you want to go there?" "I want to get out of trouble." "Do they treat you pretty well over there?" "Yes." "All right, six months," pronounced the magistrate, and McManus walked from the prisoner's dock with a broad grin on his face.

Unemployed Single Woman Subject of Conference Here

Miss Winifred Hutchison, of National Y.W.C.A. Council, Toronto, Meets Social Workers of City and Receives Relief Information

MANY valuable suggestions and a great deal of information concerning the single unemployed woman and her position in the community, particularly in relation to relief benefits, were given by Miss Winifred Hutchison, of the National Y.W.C.A. Council, Toronto, at a meeting of social workers of this city, held yesterday afternoon at the Y.W.C.A. As chairman of the section on problems of the single unemployed woman at the conference on social administration of unemployment relief, held at Ottawa, last May, Miss Hutchison stated that she was keenly interested in getting information of local problems in this connection through Canada, and to this end resolved the meeting, at the last, into something in the nature of a round-table conference to which many of those present contributed.

Mrs. W. Hartley, of the Central Exchange, occupied the chair, and among the organizations represented were the following: Friendly Help Welfare, Miss Grubb; Mothers' Pensions, Miss King; E. G. Snowdon, City Welfare Office; School Nurses, Miss J. Herbert; Victorian Order of Nurses, Miss E. Thornley; Y.M.C.A. Frank Paulding; City Health Officer, Dr. Richard Feltner; Citizens' Unemployment Relief Fund, Miss M. Thompson and Miss Bean; Anglican W.A. Mrs. T. Pope; National Institute for the Blind, Miss Clark; Business and Professional Women's Club, Miss M. Clay, and Y.W.C.A., Mrs. Roy Angus.

VANCOUVER MEETING
Early in the proceedings Miss Hutchison referred to the conference being held next Friday in Vancouver, under the auspices of the Provincial Council of Women, at which the problem of the single unemployed woman would be thoroughly debated, and at the round-table discussion subsequently various points were brought forward that Miss Hutchison will incorporate in the address which she will give at that conference.

Among the points covered by Miss Hutchison in her talk were: What is being done along the lines of recreational and occupational and training work for the unemployed girl and woman; some of the problems of administration of relief, and the most desirable form of application for relief.

ITALIAN SCHOOL GIVES RECITAL

Variety Programme of Music and Dancing by Pupils of Italian School Attended Enjoyed

An attractive programme consisting of musical and dance numbers was given by the Italian School of Music and Dancing last evening at the Shrine Hall, under the direction of Madame Attfield and Miss Grace Attfield. Some charming dance numbers by the pupils in costume were interspersed among the banjo and other instrumental selections, and two diversions, "Raising the Flag" and "Playtime With the Cowboys," added variety.

The opening number was an instrumental ensemble, Freda Spencer as vocalist and a chorus of graceful dancers, Agnes Robertson, Betsy Newcomb, Lily Burrows, Inez Jeune, Audrey Robertson, Lona-Marie Attfield, Laura Peaker and Dorothy Burrows. This was followed by a banjo novelty dance, "Red, White and Blue," by Grace Attfield, and "New York Ideal March" was played as an ensemble.

TAP DANCE POPULAR
Muriel Marshall, a clever young tap dancer, appeared in a novelty number, "From Old to Young," in which she interpreted the spirit of a bent old woman, and then, throwing off her black cloak, became a charming young dancer, the intricate steps eloquently expressing the moods of the two generations. "The Happy Notes," Grace Attfield and Lona-Marie Attfield appeared together in a particularly interesting banjo and dance number, in which the staging was most effective.

Edmund Holy delighted the audience with his two solos, "Pale Moon" and "Trees." Madame Attfield, Grace and Lona-Marie Attfield, instrumental trio, played Weber's "Sonatina" and the popular "Shadow Waltz," and Laura Peaker danced an acrobatic Turkish number in costume.

IN DIVERTISSEMENTS
Taking part in the first divertissement, "Raising the Flag," were the following: Soldiers, Dorothy Burrows, Laura Peaker, Muriel Marshall, Lily Burrows and Peggy Provan; Rose of England, Betsy Newcomb and Lona-Marie Attfield; Britanna, Grace Attfield; drummer, J. W. Kenyon, and trumpeter, Owen Petticrew.

In "Playtime With the Cowboys" were the following instrumentalists: Evelyn Holt, Grace Attfield, Pearl Chisholm, Annie Provan, Clotilda Castilo, Lona-Marie Attfield, Inez Jeune and Albert Marshall; vocalists, Evelyn Holt, Freda Spencer, Edmund Holy; piano—accordion, Evelyn Holt; dancers, Betsy Newcomb, Lona-Marie Attfield, Inez Jeune, Dorothy Burrows, Agnes Robertson, Laura Peaker, Lily Burrows, Audrey Robertson, Muriel Marshall and Peggy Provan; diminutive cowboy, Billy Osselson; rancher's daughter, Grace Attfield.

VARIED PROGRAMME
Other items of the programme were: Dance, "Living Skeletons," Grace and Lona-Marie Attfield; vocal solos, Freda Spencer (Musical Festival medalist), who has a charming voice; banjo novelty toe dance, Grace Attfield; banjo boys, Betsy Newcomb and Lona-Marie Attfield; ensemble, "Chanson Sicile, 'Paroles'; toe dance, "Twinkling Star," Muriel Marshall; "Carmen-cita," Grace Attfield; guitar ensemble, Spanish and Hawaiian, (a) "Prairie Flowers," (b) "Sundown"

SAYS UNION INEVITABLE

Premier Tolmie Outlines Issues of Election to Victoria Electors

Rehearsing the history of Union negotiations in an address to Victoria electors last evening, Premier Tolmie laid the blame for the present chaotic situation on the leaders of the opposing groups to whom he made repeated offers since the Fall of 1932. Coalition Government, he declared, was coming after the election in any event.

The Government group did not depend alone on its Unionist candidates in the field, but had released many others friendly to the ministry to stand as independents in their own right, where they considered that advisable. The next Government would be made up of the best men available, regardless of their previous affiliations, and the mission of restoring prosperity to British Columbia, the Premier declared.

BY NATURAL MEANS
Unionists believed that prosperity could best be regained by the development of natural resources and by extension of markets for existing products, through economies in administration and direct employment as opportunity afforded. This view was in direct opposition to the present Government policy for the provision of work for the Province could not afford for a long time to come, but was the surer way, he said.

The Premier took issue with W. J. Bowser, K.C., for asserting the Unionist group was out of the picture. Mr. Bowser, he retorted, was decidedly in the picture "when, as the Opposition, he sat in the Legislature in 1918 and quietly let the Government take over from the contractors the liabilities and commitments of the P.C.E."

P.C.E. DEBT
The Pacific Great Eastern road, he declared, had a debt of \$75,000,000, and the people had not forgotten Mr. Bowser's connection with it. The Premier asserted. Operating deficits of \$130,000 per annum on the railway had been turned to a net operating profit of \$18,147 in the last eight months and an improvement over last year for the same period of nearly \$100,000. Maintenance of the P.C.E. and its utilization in terms that would mean its completion to the Peace River was a plank in the Unionist platform.

While T. D. Pattullo was Minister of Lands, the Premier continued, the Province had embarked on land policies which had already cost in a loss of more than \$12,000,000, with final completion of several times that figure. It was not enough for Mr. Pattullo that Columbia had 25,000,000 acres of agricultural land above water, but he had commenced to drain Sumas Lake, a \$6,000,000 venture in public funds.

OUTLINED REFORM
Dealing with Unionist policies, the Premier said it was proposed to press for ratification of a so-called treaty with the United States. National unemployment insurance on a contributory basis and state health insurance were also advocated. Reshaping of the agricultural policy of the Province was promised, with abatement of interest on certain classes of lands.

Adjustment of public education to the needs of the Province was another plank, involving provision of a broad general education for all children, and a system of scholarships for those fitted for advanced tuition. Less academic and more practical training was needed to fit present needs. In the interests of the 97 per cent of all students who did not go on to university.

Extension of the scope of the Securities Act to protect the public from "watered stock," encouragement of capital investment within the province, and vigorous efforts to advertise British Columbia products and opportunities were also pledged. Co-operation and sanity in public affairs were first essentials, and the Unionist platform was the best assurance of these, the Premier concluded.

A young man with his rebuilt car, stopped in the middle of the street. "Police man," "Move on there, young man, what's the matter with you?"

Young Man: "I am quite well, thank you, but my motor is dead."

REMOVING OPPONENTS' RE-ENTRIES

The general principle of the play of hands at no trump is for the Declarer to attempt to establish his longest suit or the one which offers the possibility of winning the greatest number of tricks. There are, however, some exceptions to this rule. One occurs when opponents have a sure card of entry which must be driven out, and also hold a suit which can soon become established. In such cases it is wise to take out opponents' sure entry immediately, hoping by these tactics to block the run of opponents' long suit. The hand below illustrates this principle:

♠ 8 4	♥ 5 3	♦ 5 3	♣ 5 3
♠ 10 5	♥ 10 7 5	♦ 10 7 5	♣ 10 7 5
♠ 9 7	♥ 9 7	♦ 9 7	♣ 9 7
♠ 6 3	♥ 6 3	♦ 6 3	♣ 6 3
♠ 5 2	♥ 5 2	♦ 5 2	♣ 5 2
♠ 4 3	♥ 4 3	♦ 4 3	♣ 4 3
♠ 3 2	♥ 3 2	♦ 3 2	♣ 3 2
♠ 2	♥ 2	♦ 2	♣ 2

Only one, or at best two tricks can ever be developed in the club suit, but hearts offer a promise of three tricks with favorable distribution, and also may drive out West's entry for his long spade suit. His Honor the Lieut-Governor and Mrs. J. W. Purdum Johnson paid a visit to the Red Cross Workshop, Thursday morning, and were very much interested in the making of wreaths and poppies and His Honor trusts that the people of Victoria and vicinity will get behind the poppy campaign and make it one of the most successful years.

He thought that it was a very useful cause both in the matter of employment for the disabled men and the relief of most urgent cases that are not met with in the ordinary course of relief granted by the various municipalities.

His Honor was met by Commander C. H. R. Blingsby, chairman of the remembrance committee.

HONOR ROLL IS UNVEILED HERE

Commander Victor G. Brodeur Officially at Naval Veterans' Ceremony

Marked by a brief but impressive ceremony, the roll of honor, bearing the names of five comrades who had passed away, was unveiled in the clubrooms of the Naval Veterans' Branch, No. 42, of the Canadian Legion, B.E.S.L., by Commander V. G. Brodeur, senior naval officer, last night.

Joseph Witcomb, president of the branch, in his opening address, said: "As a branch, we are young, but as our name implies our membership is, for the greater part, made up of men who have served the seven seas and, consequently, are well on in years. With this in mind, and under the sponsorship of Comrade Doncaster, it was felt fitting that a memorial should be placed in our clubrooms in the form of a roll of honor."

Thereon are inscribed the names of those of our shipmates who have fulfilled their duty in this world and passed to their eternal home where we pray they find peace and are at rest."

ADDRESSES GATHERING
The president's address was followed by a short prayer by Rev. Alan Gardiner, and then an address by Rev. Father A. B. Wood.

"The Canadian Legion," said Father Wood, "is made up on land and sea of men who have pledged themselves to uphold the traditions of the British Empire and all that it stands for. Those whose names we are unveiling tonight pledged themselves to the service of the King; we are also pledged to the service of the King, and those who come after us in the Legion will be pledged to a memory duty."

"For us the King is more than just a name. He is a reality, the centre of the life of the British Empire. These comrades who were pledged to his service and who have passed away have left their influence with us, and by preserving their names, their memory will be with us always."

HONOR MEMORY
"Let us, therefore, honor their memory not only in words, but also in deeds."

Commander Brodeur was then called upon to unveil the memorial, declaring that he felt it a great

QUESNEL, Oct. 20 (CP).—Clifford Kelpas and Mrs. Kelpas, who "pack-horsed" from Calgary to Bella Coola, B.C., on a pathfinding trip, reached their destination, October 10, five days ahead of their scheduled time, according to word received here. Entering British Columbia through Yellowhead Pass, the couple followed the Fraser River to Goat River and reached Cariboo by way of Bowron Lake and Barkerville. From Quesnel they followed Sir Alexander Mackenzie's trail for the major part of the distance to Bella Coola.

Best Remedy for Cough Is Easily Mixed at Home

No Cooking! No Work! Real Saving!

You'll never know how quickly a stubborn cough can be conquered, until you try this famous recipe. It is used in more homes than any other cough remedy, because it gives more prompt, positive relief. It's no trouble at all to mix and costs but a trifle. Into a 10 oz. bottle, pour 2½ cups of Pinet; then add granulated sugar syrup to make 16 ounces. Syrup is easily made with 2 cups of sugar and one cup of water, stirred a few moments until dissolved. No cooking needed. This gives you four times as much cough medicine for your money, and it's a purer, better remedy. It never spoils, and tastes fine. Instantly you feel its penetrating effect. It loosens the germ-laden phlegm, clears the air passages, and soothes and heals the inflamed membrane. This threefold action explains why it brings such quick relief in severe coughs. Pinet is a highly concentrated compound of Norway Pine, used for generations for its healing effect on throat membranes. It is guaranteed to give prompt relief or money refunded.

Nine Dairies Affected by New Measure Recommended by Committee

Enforcement of the by-law Government operation of dairies and keeping of poultry inside the city limits will be recommended by the health committee to the City Council at its next meeting.

Three months were allowed after the passage of the by-law for dairymen and poultry raisers to comply with the regulations. Since then, many of those affected have rectified the situation, but there are still nine dairies that have not complied. The basic rule of the by-law is that the number of cows shall be governed by the size of the property on which they are housed. One cow is permitted to a lot, sixty by 120 feet.

SAYS DEPRESSION CAUSE OF DEATHS

Dr. David Berman Declares Malnutrition Not Factor in Higher Mortality

"The higher infant mortality rate, which in Saanich is practically negligible, may have been caused by the stress of the times, but emphatically not through malnutrition," declared Dr. David Berman, medical health officer of the municipality, in presenting his report to the Health Centre committee of Saanich Council.

No outstanding change in the municipality's health conditions were reported during September. A mild epidemic of influenza, started late in the month, is now well under control, Dr. Berman declared. Six cases of scarlet fever have been attended.

A new nurse will be employed at the Health Centre, it was decided.

WASHINGTON HAS TAXATION FIGHT

Visitor From Seattle Tells Real Estate Men of Reform Sought There

Members of the Victoria Real Estate Board were given interesting information with regard to the troubles that the real estate industry in Seattle and elsewhere in Washington State had to face, when F. C. Jackson, of Seattle, addressed the members briefly yesterday. He added that on October 27 and 28 there would be a meeting of the real estate brokers of the state in Seattle to discuss matters, and any members of the local board would be gladly welcomed.

After a long fight the interests of the real estate owners had been protected by the fixing of forty mills as the maximum tax rate which was further limited as to the assessment upon which this could be collected which was fixed at 50 per cent of the value. There were, Mr. Jackson pointed out, other means of levying against the land which brought the taxation rate up, but the taxes payable had been reduced by their efforts by about 30 per cent.

He mentioned a case where property showing a total rental of \$27,000 had had to bear taxation of \$27,000. This year by the reduction made possible the taxes had been cut to \$16,000.

The fight, however, was to go on until they had obtained the objective of twenty mills on the total assessment. The move was to get taxation shifted in many instances from those who were bearing an undue rate now and transfer it to those who were escaping.

Appointments Made—Dr. W. E. Bavis, of Ucluelet, was named Medical and School Health Officer for Ucluelet and District in Provincial order yesterday. The resignation of Stipendiary Magistrate Russell J. Richards, of Trail, was accepted.

Petition Council—For the purpose of preparing a petition to the City Council for a 25 per cent increase in relief allowances, a meeting of employed and unemployed workers have been called for 2 o'clock Sunday afternoon in the Ex-Service Men's Hall, Comorant Street.

Public Meeting—W. A. Pritchard, chief organizer of the C.C.F., and Mrs. Stevens will address a meeting in the City Temple tonight at 8 o'clock. The four C.C.F. candidates in Victoria City will also be on the platform.

Tenders Opened—Three Vancouver tenders for removal of the old bridge from the Peace River area, were opened yesterday by the Provincial Department of Public Works. The bids were as follows: J. McKenna, \$253; P. Soule, \$253; and Joseph Lawrence, \$750. All tenders were referred to report.

Will Speak Tonight—At a mass meeting to be held tonight at the Chamber of Commerce, Dr. Clem Davis, among other questions, will deal with the matter of provincial taxation and will show how largely increased collections can be secured without added burden upon the people. The meeting will convene at 8:15 o'clock. Captain H. S. Thain will be in the chair, and will also give an address.

Seed Grain Losses—The Provincial Government yesterday wrote off the loss of \$4,487 in seed grain advanced to farmers in the Peace River area, and \$42 in respect to similar advances of grain in the Prince George District. Lot 8, Block 5, Cassiar District, was set aside, in another

order, as part of the Strombeck Park, under the following board: John W. Strombeck, William B. Bower, Orla Evenden, T. W. Falconer and H. D. York.

Back in City—P. Z. Caverhill, Chief Forester of the Provincial Department of Lands, returned yesterday from an extensive tour of Northern and Central parts of the Province, on departmental affairs. He reported general business conditions slightly improving, with prospect of better times for lumber and lumber products next Spring. Release of tie and pole contracts later in the season are expected to assist inland lumber operations, but development so far has been quiet.

Fined for Assault—In the city police court yesterday William Robertson, charged with assaulting George Thornbury in the office of the C.P.S. Lumber Company, was fined \$25. Before concluding the case, the informant gave testimony that following the court proceedings at a meeting held in the city, he expressed his regret, and Mr. Thornbury added, he believed that he was sincere in what he said in the regard. Gordon Cameron, who appeared for the accused, urged upon the court that there was no premeditation shown on the part of the accused, and that he felt that a fine would meet the situation and accordingly delivered judgment.

Nanaimo Asks Aid For Its Schools
Hit by the continued decline of coal production and other problems of the past few years, Nanaimo is seeking aid from the Provincial Government in respect to the maintenance of its schools. Hon. Joshua Hinchliffe returned yesterday from Nanaimo, where he had met the mayor and school board in reference to the application for assistance.

Mr. Hinchliffe expressed himself as being alive to the fact that the Island city has experienced, and promised to lay the case fully before the Government.

Women Urged to Assist With Restoration Fund

Lady (Richard) Lake Gives Interesting Report of Annual Meeting of W.A. Board in Hamilton—Mrs. McElheran Addresses Members

In strikingly vivid language, Mrs. McElheran portrayed the splendid response of members of the Church of England in Canada to the call to restore and to build up the church's funds, and challenged every woman present to do her share by prayer and faith to complete the great effort being made by clergy and laity alike to make the church safe for posterity.

There was an attendance of 150 members at the meeting of Columbia W.A. diocesan board in the Memorial Hall, to hear the report of the annual meeting of the Dominion board, given by Lady Lake, at the afternoon session yesterday, also to hear Mrs. McElheran, who is the Dominion organizer of the women's department, restore the fund.

After referring in glowing terms to the inspiration and encouragement gained from the splendidly organized annual meeting, and from the outstanding women who carry on, undaunted by the difficulties of the war, the board, Lady Lake dealt with the reports of the various departments, which showed the work being carried on with the greatest vigor and no curtailment of either workers or expenditure.

FAITHFUL WORKERS
The total of 170 missionaries, helpers, doctors, nurses and teachers, all of whose salaries are paid by the Women's Auxiliary, is a proof of the value to the church of its band of faithful workers all across Canada. The investment in which funds have been placed are in a sound condition, a striking proof of the capability of women to administer large undertakings. One of the important actions of the meeting was the establishment of a consolidated investment fund, which a special committee was appointed to administer.

The pension fund has now five retired missionaries on the roll, and the jubilee fund is now \$17,258, the united thank-offering amounting to over \$12,000 was presented at the opening service in Christ Church Cathedral, Hamilton. The invitation from Columbia W.A. to hold the 1934 Dominion annual meeting in Victoria was set aside in favor of Rupert's Land. Winnipeg will, therefore, be the place of the next meeting.

Mrs. H. A. Collison, second vice-president, who occupied the chair during the giving of the report, extended the cordial welcome to the meeting to Lady Lake for her lucid and very thorough report, which was heartily endorsed by the meeting.

REFUND IMPORTANT
On being introduced by the president, Mrs. McElheran expressed her pleasure at being privileged to address the diocesan board, and her gratitude to Bishop and Mrs. Schofield for their kind reception. In dealing with her year's work for the restoration fund, Mrs. McElheran referred to the many false and mistaken reports which had been given credence and required to be cleared away, and to the fact that money originally contributed to the up-building of the church in Western Canada had been used and increased many times over in the passage of

John Hart Scores Finance Minister for Prodigal Distribution of Money

"Not one cent of commission was paid for the marketing of bonds by the Liberal Government during my term of office, and all bonds were sold by public tender," declared John Hart, Liberal candidate, after criticizing the action of the present administration in the marketing of bonds, at a meeting held in the South Park School last night.

Byron Johnson, Alderman W. H. Kinsman and Joseph B. Clearhouse, the three other Liberal candidates were the other speakers. A. B. McNeill presided.

Referring to the market of \$1,000,000 of debentures by the present administration, John Hart said "It would appear that Hon. J. W. Jones scattered money all across Canada in his attempt to sell this issue."

COMMISSIONS PAID
"First he paid \$5,000 to a local bank for an introduction to a Toronto broker. Then he paid the Toronto house \$40,000 for an introduction to a London house, and in turn paid \$20,000 to the London house for an introduction to a firm of underwriters, who were paid \$75,000 for arranging the sale of bonds through a group of brokerage houses."

In addition to this, the purchaser of bonds was given a 1 per cent discount. The bonds sold at \$83.54, so that the difference between par and the selling price was \$1,200,000," the speaker asserted.

Such colossal extravagance in the marketing of bonds was nothing but iniquitous, Mr. Hart maintained.

CORRECTS FIGURES
Mr. Hart took exception to remarks made by Premier Toynbe with regard to the increase in the Provincial debt during the Liberal regime. The Premier had said the debt rose from \$25,000,000, in 1918, to \$104,000,000, in 1928. The Premier failed to explain that to the \$25,000,000 should have been added \$20,000,000 for the P.G.E., to which the Government already was obligated before the Liberals took office. If the Premier had been fair in this regard, the increase in the debt would have been much smaller than he represented it to be, the speaker stated.

The former Minister of Finance, in dealing with the financial situation, reiterated his proposal for the scaling down of interest charges. Byron Johnson dealt chiefly with the unemployment situation, advocating a well-planned public works programme for the immediate relief of unemployed and to give impetus to a recovery in private business.

ALDERMAN KINSMAN
Alderman W. H. Kinsman elaborated on this scheme, and by use of comparison showed how much better it was for the youth of the country to be profitably employed in projects of some value to the people, rather than being herded into relief camps doing nothing except losing their morale.

Correlated with the Liberal unemployment policy was the question of social legislation. Joseph B. Clearhouse stated. The Liberals already had instituted such legislation as mothers' pensions, old age pensions and workmen's compensation, and now proposed state health insurance and unemployment insurance, both on a contributory basis.

Nelson and Victory Honored in Annual Trafalgar Day Event

Admiral's Famous Signal Still Means Something to Men and Women of British Blood Throughout the World

Contributed by Major P. V. Lonsdale, Member Society for Naval Research

Why is the celebration of the victory off Cape Trafalgar still popular in the British Empire? Because it is the only naval battle in which the British fleet, under the command of the sea, from the people of Great Britain and her Colonies.

Why is the ceremony of holding Nelson's famous signal still observed in most parts of the Empire annually on October 21? Because Lord Nelson is still the prevailing genius of the navy, for his trail boat, although by no means perfect character, he combined the greatest qualities of British seamen of all ranks and classes. No effort of modern cynicism can wear England from her reliance on that chivalrous and manly fighting spirit of which Nelson is the shrine and the Royal Navy and Merchant Marine the emblems.

PROUDEST MEMORIAL

"The Navy, whereof, under the good providence of God, the wealth, safety and strength of the Kingdom chiefly depend." This is the preamble to the Articles of War, read on board every ship of His Majesty's Navy, once a quarter. The proudest memorial of the British Navy is H.M. Ship Victory. During her active service she flew the flag of fourteen different admirals and four of them had her twice for their flagship.

For 110 years the Victory has never left the boundaries of Portsmouth Harbor. Her last move took place on January 12, 1922, when she was moved into Number 2 Dock, the oldest surviving drydock in the world, and the gates were replaced by a concrete wall. This wall is reserved for her use in perpetuity. Her hull is supported externally in a steel cradle, while her lower masts have steel centres which penetrate the hull and rest upon the stone floor of the dock.

The memorial oak tablet on the Victory contains the following inscription: "H.M.S. Victory, laid down 1759, launched 1765, was after 157 years of service placed in 1922 in her present berth, the oldest dock in the world, and restored to her condition as at Trafalgar under the superintendence of the Society of

Nautical Research; to commemorate the completion of the work this tablet was unveiled on July 17, 1928, by H.M. King George V."

WILL BEAR FRUIT

Before leaving the ship, His Majesty said: "The Victory will last for centuries to come. Her sentimental interest has been growing stronger year by year; and now there is added an educational and instructional value which will bear fruit in generations yet unborn."

Up to the year 1922 the cost of the restoration work has been met by public subscription in response to an appeal by the S.N.R. aid has totaled the sum of £105,704. The completion of the restoration work will be carried out by the Admiralty, under the direction of a committee, all of whose members belong to the S.N.R.

The year 1932 is important in that it saw the arrival of two old wooden walls in Portsmouth Harbor, the famous seventy-four-gun ship Duquesne which fought under the French flag at Trafalgar, and the Poudroyant, forty-two-gun frigate built in 1810 at Bombay in the Trincomalee. The former arrived from Plymouth in June, while the latter arrived from Milford Haven in July. They have now been berthed in the upper harbor near where the former flagship hulk was moored, and now form one establishment under Colonel Harold Wyllie as holiday training ships for boys' organizations. These two wooden walls fly the red ensign as they are maintained by a civilian organization under the presidency of Sir John Seaman.

UNIQUE ATTRACTION

Portsmouth Harbor now has a unique attraction for ship lovers, namely, three wooden men-of-war which have never been converted to steam, a 105-gun ship, a seventy-four-gun ship and a forty-two-gun frigate. The 105-gun ship is fully rigged, the seventy-four and forty-two have sound hulls, but only signal masts with a derrick and a topmast on the main mast. The name of the late G. Wheatley, who was remembered by ship lovers as that of the man who saved the Implacable and the Poudroyant from the ship-breakers.

Ship and Admiral Are Honored Today

COMMEMORATING the Battle of Trafalgar, Nelson, greatest naval hero of Britain, and his flagship, the Victory, will be honored wherever the British flag floats today.

Victoria will embrace exercises this morning at 10 o'clock at Parliament Square, which the Navy League will sponsor, the Rainbow Sea Cadets furnishing the guard of honor and the Royal Canadian Navy the color party. Nelson's famous signal will be hoisted and the colors saluted. There will be brief speeches, and prominent personages will attend, including Lieutenant-Governor J. W. Fordham Johnson, Commander V. G. Brodeur, Staff Officer Lieutenant-Commander Houghton and Major Dobbin, R.C.A. I.O.D.E. representatives and officials of the Navy League, while the Girl Guides, Boy Scouts, Sea Scouts and school organizations have been invited and will be present. In the afternoon, the Navy's Auxiliary to the Navy League will hold open house at the Cadets' Drill Hall near the Outer Wharves, and will be at home there from 3 o'clock until 6 o'clock. All interested are invited. In the evening the Naval Veterans' Branch, No. 42, of the Canadian Legion will hold its annual Trafalgar Day dinner in the Hudson's Bay dining room.

On Trafalgar Day 1932, a silent toast, "To the immortal memory of Admiral Lord Nelson," was drunk in the wardroom of the Implacable at a dinner given by Superintendent Lieut. Colonel Wyllie. Earlier in the day, at 11:40 o'clock in the morning, the exact time that Lieutenant Pasco gave the order at Trafalgar, the signal "England expects that every man will do his duty" was hoisted in the presence of the whole ship's company. The signal requires twelve hoists made one after the other, with the telegraph flag kept flying until the last hoist is hauled down.

FILL DISTINCT GAP

Napoleon advised those who would master the science of war to read and reread the works and campaigns of the greatest soldiers. So he who would understand the principles of war at sea will do well to study the thought of Nelson. Most of his striking sayings are collected in a little volume (The Nelson Touch, by Walter Lord, John Murray, Ltd., 181) which fills a distinct gap in our literature. Nelson's professional sayings, like everything else, may be misapplied. But beneath the lies the true doctrine of war. Individual sayings may seem to contradict each other until the circumstances in which each was uttered have been weighed and compared; and in applying them to particular occasions in modern war, it is always necessary to consider how far the conditions correspond.

PRINCESS ENA AFLOAT AGAIN

First Reports of Grounding Exaggerated—Struck an Uncharted Rock

VANCOUVER, Oct. 20 (CP).—The steamer Princess Ena, which went aground on a reef at Skutumpah Inlet, Queen Charlotte Islands, on the night of October 9, has been towed off and is now at the head of Harriet Bay, according to Captain P. L. Clark, surveyor for the San Francisco Board of Marine Underwriters.

Capt. Clark said the ship was being temporarily patched up, and the decision had been made whether permanent repairs would be made. "First reports of the grounding were exaggerated," he said. The ship struck an uncharted rock near Harriet Bay. Water poured into the forward hold too fast to permit repair of the leak. The twenty-nine men aboard the Ena were landed at Housatonic Island.

Discharge of the cargo began next day and the vessel was pulled off the rock last Monday.

NOTICE TO MARINERS

Mariners are advised that the concrete day beacon marking Discovery Rock, Victoria Harbor, has been carried away through collision. This will be replaced as soon as possible.

Prospects of Air Line Across North Atlantic Fade

LONDON, Oct. 20 (AP).—Prospects of a North Atlantic air line via Greenland next year faded today as British aviation experts discussed the results of Col. Charles A. Lindbergh's Arctic survey as disclosed to the airman.

From their conversations with the pilot, now on a visit here with his wife, the experts have reached the conclusion Lindbergh's summer survey led to his forming the opinion Summer service offers no difficulties which could not be overcome.

The idea of Winter service, however, is considered out of the question for the present and there would need to be a test of Winter flying before a definite conclusion on this point could be reached.

Liner's Crew Won Treveasa Trophy For Boat Racing

Annual Lifeboat Race at Hongkong Commemorates the remarkable daring and seamanship of two lifeboat crews from the British ship Treveasa, which sank off the Australian Coast thirteen years ago.

Putting to sea in two boats, one skippered by the captain and the other by the mate, the Treveasa's crew rowed and sailed some 2,300 miles to Mauritius Island.

Only regular crews from merchant ships are permitted to take part in the race, rowing and sailing over the four-and-a-half-mile course. Capt. Aikman explained. Ships are not allowed to present a "hand-picked" boat crew selected from the entire ship's company.

BATTLEGROUND SHIFTED EAST

Atlantic Ocean Too Stormy for Record Attempts During Winter

LONDON, Oct. 20 (CP).—Battle-ground of seekers after air records has turned to the East, as early winter gales whine across the North Atlantic, and within ten days more than forty-eight hours have been aloft from the flying time between England and Australia. The 10,000-mile journey across Europe and Asia has been cut to less than a week.

Five years ago it took the late Bert Hinkley fifteen and a half days to fly from England to the Anzac Commonwealth. Today Charles T. P. Uim, finished the journey in a little more than six and a half.

Flying over the approximate route Imperial Airways plan to use next year for projected air mail service, Uim and three companions landed at Derby, West Australia, six days seventeen hours forty-five minutes out of England.

When the wheels of Uim's plane touched the ground at Derby eleven hours tell from the nine-day-old record of Air Commodore Sir Charles Kingsford-Smith. And Sir Charles already had knocked forty hours from the 1932 mark set by C. W. A. Scott, a British pilot.

The new marks were triumphs for Sir Charles and Uim, co-pilots on the famous Southern Cross when that plane made the first and only flight across the Pacific.

PERSONAL ITEMS and SOCIAL HAPPENINGS

Miss Evelyn R. Bonavia Married to Mr. C. Ozard

Pretty Wedding at Christ Church Cathedral Followed by Large Reception at Beach Hotel—
Bride and Groom to Live Here

Christ Church Cathedral was the scene of a smart wedding, yesterday afternoon, at 3:30 o'clock, when in the presence of a large congregation, Very Rev. C. S. Quinlan, Dean of Columbia, solemnized the marriage of Evelyn Royal Georgina youngest daughter of Mr. and Mrs. W. J. Bonavia, Begbie Street, and Mr. William Charles Ozard, elder son of Mr. and Mrs. W. H. Ozard, Albany Road. Mr. Stanley Bulley presided at the organ.

Given in marriage by her father, the bride was a striking figure in her pictureque model gown of deep eggshell imported silk crepe. The full wrap-over skirt was cut on slightly bias lines, and a very modish shoulder cape of sage green, lined with eggshell, covered the bodice in front, and was attached to a band which fastened at the back of the waist. She wore a French turban of sage green silk and carried a sheaf of cream chrysanthemums.

ONLY ATTENDANT

Miss Doris McMorran was the only bridesmaid, in an attractive frock of cinnamon brown georgette, with an orange and brown sash which was tied with long ends which reached to the hem of her skirt, and a matching turban and shoes. She carried a sheaf of yellow chrysanthemums.

Mr. Leslie Hardie was the best man, and the ushers were Mr. H. D. Dee, Mr. Howard Harman, Mr. Hugh Renwick, and Mr. Maurice Green.

LARGE RECEPTION HELD

A large reception was held later in the Beach Hotel, where the lounge and dining-room were bright with great masses of autumn flowers and greenery. Refreshments were served from a long table arranged with vases of white chrysanthemums and pink gladioli. For the wedding Mrs. Bonavia wore a smart gown of black chiffon, and a black French hat trimmed with ostrich feather pom poms, and a corsage of cream rosebuds, and Mrs. Ozard was in black satin and a black velvet hat with touches of shell pink in the trimming. She wore a corsage of yellow rosebuds.

HONEYMOON UP-ISLAND

Mr. and Mrs. Ozard left during the afternoon for a honeymoon at Qualicum Beach, the bride traveling in a swaggar suit of chocolate brown with matching accessories. On their return they will make their home on Montevideo Avenue.

OUT-OF-TOWN GUESTS

A large number of out-of-town guests were invited to the wedding, among those attending being Mr. and Mrs. E. R. G. Richardson, Coquitlam; Mr. and Mrs. R. Ball, Weyburn; Mr. and Mrs. O. Varcoe, Kamloops; Mr. and Mrs. H. W. B. Bloomfield, New Westminster, and the following from Vancouver: Mr. and Mrs. H. Darrock, Mr. and Mrs. A. Delmage, Mr. A. J. MacDougall, Mr. and Mrs. A. H. Charles, Mr. and Mrs. F. Robinson, Mr. and Mrs. J. Kinney, and Mrs. G. D'Arcy. The many beautiful gifts included a silver cake basket from the staff of the Tillamook School, of which the bride is a popular member, and a pyrex pie dish from the principals of several of the Saanich schools.

GANGES BRIDGE PARTY

The Ganges Athletic Association organized a "progressive" whist party to augment the fund. Thirteen tables took part in the play, and all the prizes were given by interested members and friends. The first, a seven-pound fruit cake, was won by W. Drake; second, by Dudley Seymour; third, by Geoffrey Bellis.

Children's Styles Are Charming Displayed

A most fascinating array of fashions for little boys and girls was presented at the Hudson's Bay Company yesterday afternoon in the tea room, a large gathering of interested spectators taking advantage of the opportunity of seeing what "the well dressed child is wearing." To mothers of limited means it was distinctly gratifying to learn that simplicity is the keynote of the fashions for little girls. Whether for party or for school there is nothing elaborate, the days of overdecorated "fluffy" children seem to have disappeared, and simplicity of design and good quality of material distinguished the frocks.

Most of those shown might be described as English in type, and the little smoked frocks, smart belted coats and very plain felt hats were much admired.

The children taking part as mannequins yesterday were June Gibson, Gordon Brown, Macrina Booth, Matie Griffin and Georgina Dowdall.

DELIGHTFUL COLORS

The first group featured blues of various shades, June Gibson appearing in a blue English print frock, hand smoked; Gordon Brown in a navy blue sailor suit with white collar; Macrina Booth in a navy blue jersey frock, hand smoked in red and trimmed with a white linen collar. Dorothy Graham's blue jersey frock was smoked in bright blue and Matie Griffin's matelot blue swaggar suit was worn with an eggshell silk blouse. Georgina Dowdall appeared in an English tailcoat model polo coat in beige, with a beret to match.

For school and colder days there is nothing as really useful as jersey cloth frocks, and by various smoked designs, a touch of wool embroidery or perhaps a collar and cuffs, these little dresses are given additional interest and variety. They were shown in shades of lovebird green, chocolate brown, scarlet and guerdun blue.

FOR BEST OCCASIONS

For party wear there were some fascinating smoked dresses, and all were of heavy silk or crepe de Chine of particularly good quality. Uncrushable crepe in an all-over tiny flowered design in shades of pale yellow and smoked in bright colors, was an especially charming dress. A jade green crepe de Chine party frock was made with puffed sleeves, hand fagoting on the collar and sleeves and an attractive hand-smoked yoke being the noteworthy features.

For his first parties, "little brother" will wear white English flannel shorts and a white pullover jersey trimmed with pale blue. For outdoor wear were shown several smart little coats, the special favorites being in the Princess Elizabeth style and worn with plain brimmed felt hats. A little boy's coat of brown tweed was made in half-belted style with an inverted pleat at the back and worn with a brown

Social and Personal Notes

In Tea Hostess

A beautiful arrangement of late autumn flowers made a charming setting for the tea given yesterday afternoon by Mrs. S. J. Willis in compliment to the new past executives of the Women's Canadian Club. The reception hall had masses of autumn foliage interspersed with goldenrod, Michaelmas daisies and brodiaea. In the center of the hall, late autumn mums; bowls of stinnas, late asters and anemones decorated the drawing-room, and the tea table, at which Mesdames Alfred Carmichael, Fred M. McGregor, C. Elwood Watkins, R. W. Mayhew, G. H. Stevens and P. B. Scurrell presided in regalia of two, had an artistic centerpiece of bronze chrysanthemums and maiden-hair fern surrounded by tapers in old-gold tins set in crystal holders. Assisting with the serving were Miss Mary Matthews (Kamloops), Miss Gwen Watkins, Miss Doreen McGregor and Miss Margaret Fletcher. During the afternoon a delightful programme of vocal numbers was given by Mrs. Harold Campbell and Mrs. W. H. Wilson, accompanied at the piano by Mrs. Charles Conyers.

Shower for Bride

Miss Amelia Brydon entertained recently at her home on Glenford Avenue at a delightful China and glassware shower, in honor of Mrs. T. Youell (nee Brooks). The gifts were arranged on a table centred

with a bouquet of pink carnations and lighted with pink tapers. Bridge and court whist were played during the evening, the winners at bridge being Miss Helen Pendergast and Mrs. Stuart Pringle, and Mrs. P. Harwood at court whist. The guests included Mr. and Mrs. T. Youell, Mrs. F. Mellor, Mrs. S. Pringle, Mrs. F. Harwood, Mrs. W. Fairley, and Misses Edith Brooks, Phyllis Edge, Jessie Oliver, Youell, Margaret Pringle, Eva Jones, Evelyn Salmon, Eleanor Demsey, Alice Mellor, Grace Murray, Helen Cochrane and Helen Pendergast.

Birthday Party

Mrs. E. Gathhouse entertained recently at her home on Lulu Street, at a delightful party in honor of the tenth birthday of her daughter, Myfanwy. Tea was served from a daintily appointed table centred with a bowl of mauve and pink Michaelmas daisies. A birthday cake lighted by ten candles and decorated with kewpie dolls held the place of honor in front of the young hostess. Tail mauve and pink tapers and mauve favors completed a most attractive motif. After tea the young guests played games and contests. Those invited were Vera Woodley, Agnes Robertson, Olive Johnson, Audrey Robertson, Hugh McLellan, Roy Logie and J. Gathhouse.

Soleat at Tea

At the tea hour today at the Empress Hotel, Mrs. W. H. Wilson, soprano, will be the soloist. The programme will include: "Nightingale of

Mr. and Mrs. J. Williams, of Vancouver, arrived in the city recently and will spend a few days here with friends.

Misery of Russia Is Described

Mrs. Fishback gave a most interesting talk on Thursday afternoon at the monthly meeting of the Frances Willard Branch, W.C.T.U., which was held at the home of Mrs. A. H. Rogers, Summit Avenue, when she outlined the work being done among the 2,000 Russian refugees in the Fraser River Valley. Mrs. Fishback has recently returned from Russia and her description of conditions and of the misery and horrible sufferings under the present system by those who refuse to kneel to the Red flag was appalling.

Communists, upon entering a house where Bible or text were found, put the books in a pile and burned them, while the people were driven out of the house and sent to Siberia. Marks of the whips could be found on their arms, she said.

During the business meeting the president, Mrs. Holland, was in the chair. Mrs. Rogers conducted the Bible reading. A good report of the jubilee convention held in Vancouver was given by Mrs. A. Menah, who was a delegate, in which she and of the excellent work accomplished in the province during the past fifty years. The resignation of Mrs. T. Humphreys as secretary was accepted with regret.

Clubs Societies

Knox W.M.A. At the close of a brief congregational prayer meeting, held in Knox Presbyterian Church, on Thursday evening, the W.M.A. held its annual thank-offering meeting. Miss Sutherland, the president, was in the chair, and conducted the devotional exercises. The sum of \$1.00 was collected on the occasion.

A quilting bee will be held on Friday, October 27. The rooms will be open in the morning, and an invitation is extended to all members. A home-product social, convened by Mrs. F. Urquhart, will be held on Friday, November 3, when all members and friends will be welcome. Classes in arts and crafts will be open on November 7. Dr. F. Kincaid gave an enlightening address on the "Care and Protection of Neglected Children." This talk was greatly appreciated.

Wigley-Meriton. A quiet wedding was solemnized in St. John's Church last evening when Rev. Canon Chadwick officiated at the wedding of Florence, eldest daughter of Mr. and Mrs. E. W.

At the home of Mrs. T. White (nee Burt), Walton Avenue, on Thursday evening, the president and members of Esquimalt Subdivision Catholic Women's League, through their chaplain, Rev. Father Anselm Wood, made a presentation of a silver rose bowl to Mrs. White, inscribed from the Catholic Women's League, with which Mrs. White, before her recent marriage, had been prominently identified. A delightful evening was spent, and among those present were: Rev. Father Wood, Mrs. E. A. Duncan, Mrs. M. Pagan, Mrs. Potts, Mrs. O'Leary, Mrs. Hutchinson, Mrs. Burt, Mrs. Pearce, Mrs. Matheson, Mrs. Allen, Mrs. Earl, Mrs. Gillespie, Mrs. Fox, Mrs. McWade, Mrs. Smyth, Mrs. Dugal, Miss Louise Dugal, Mrs. Demers, Mrs. Danes, and Mrs. MacDonald.

Sooke M.S.C.C. The regular monthly meeting of the W.A. to the M.S.C.C. of Holy Trinity Church, Sooke, was held at the home of Mrs. J. P. Noury, on Wednesday afternoon.

The sum of \$1 was voted for charity purposes. Those present were Mrs. H. M. Bolton, Mrs. H. Black, Mrs. J. P. Noury, Mrs. D. J. Whittier, Mrs. O. Throup, Mrs. T. Dever, Mrs. A. Hawkins and Rev. H. M. Bolton. Tea was poured by the hostess, assisted by Mrs. Dever.

Canadian Daughters. The Canadian Daughters' League, Assembly No. 5, held its social meeting on Thursday evening, in the Shrine Hall, with the president, Mrs. C. E. Stewart, in the chair. The assembly is sponsoring a play, "Nothing But the Truth," to be given by the Fairfield Players, in the Shrine Auditorium, on November 30. Mrs. E. Burwash read a paper on "Current Events." After the meeting, the social was in the hands of Group 2, under convener-ship of Mrs. C. A. Kinney. Much amusement was had with a spelling bee, won by Mrs. G. Ralston, and a table decorating contest, won by Group 3. Refreshments brought the evening to a close.

Navy League W.A. Through the kindness of the Navy League the Women's Auxiliary to that body will be "at home" to the public today, Trafalgar Day, at the Rainbow Sea, Cadet headquarters from 3 to 6 o'clock. The building will be thrown open for inspection, and Lieutenant-Commander Tribe has prepared an interesting programme of drills and work done by the sea cadets. All members of the Navy League, the Women's Auxiliary to the Navy League, mothers and friends of the sea cadets, and all interested in Navy League work and in the corps are invited to accept this invitation.

REV. W. J. SWAN AT CATHEDRAL

Oxford Group Services to Include Addresses by Members of Team

Tomorrow will be an "Oxford Group" day at Christ Church Cathedral. At 11 o'clock Dean Quinlan will give a brief address, followed by addresses of witness from members of the Oxford Group team in the city.

At Evensong, Rev. W. J. Minto Swan, rector of St. Mark's, Killarney, Vancouver, will preach.

The Holy Communion will be celebrated at 8 and 9:30 o'clock.

Rev. T. R. Lancaster, B.A., has arrived from England, and as a member of the Cathedral staff will take part in the services on Sunday.

TRANSFIGURATION IS EVENING TOPIC

Mrs. C. M. Killen will again conduct the services at the New Thought Temple, Fort Street, on Sunday. At 11 o'clock her subject will be "And It Came to Pass." A Trevitt will sing a solo, entitled "Return Unto Thy Rest" (Psalms). At the evening service at 7:30 "The Transfiguration" will be the subject. Mrs. L. R. Towler has chosen as a solo, "Sweet Mystery of Life" (Victor Herbert).

On Thursday at 8 o'clock Mrs. Towler will conduct the first of a series of meetings, which will be held weekly. These are taking the form of a study class and will be both interesting and instructive.

"THE CHURCH AND SOCIAL REFORM"

Group Delegates To Give Addresses In Many Churches

A LARGE number of congregations will have the opportunity tomorrow of hearing representatives of the Oxford Group Movement, which is holding a four-day conference here. Great interest has been shown by the various ministers in the coming of these visitors from the Mainland and the neighboring State of Washington. The local committee of the movement has become responsible for supplying thirteen ministers and fifty-four lay speakers. The latter group will go out in teams of four each. Some of the lay speakers have had considerable experience in public speaking, while others are new recruits to the evangelistic movement, having only recently joined its ranks. A complete list of the speakers and the churches will be found on another page of this issue.

W. Weston To Talk on Kingship

At Unity Centre tomorrow morning W. Weston will speak on "The Garden of the Lord." In the evening at 7:30 o'clock his topic will be "Kingship." There will be a solo by Mrs. Herri.

During the week Mr. Weston's subjects will be as follows: Wednesday, 8 p.m., "Reality Within, Dominion Without;" Thursday, 3 p.m., a devotional and healing meeting; Friday, 8 p.m., "Regeneration;" this meeting is for men only. Visitors are welcome to these meetings.

REV. J. S. PATTERSON TO OCCUPY PULPIT AT KNOX SERVICES

In Knox Presbyterian Church, Stanley Avenue, on Sunday the minister, Rev. J. S. Patterson, will occupy the pulpit at the morning and evening services. At 11 a.m. the sermon theme will be "Hast Thou Known the Gift of God?" and the choir will sing "Shew Thy Servant" (West). At the evening service, at 7:30 p.m., the soloist will be Miss May Pierce, contralto, who will sing "The King of Love." At 7:30 p.m. the theme will be "The Kingdom of Christ," by the Oxford Group team. The choir will sing "The Lord Is My Strength," and George S. H. Farmer, tenor, will sing "Crossing the Bar" (Cowles).

CONFIRMATION IS EARLY OBJECTIVE

Rev. A. E. de L. Nunn, Rector of St. Mary's, will Commence Classes in November

The following services will be held in St. Mary's Church tomorrow: Holy Communion at 8 o'clock; Matins and sermon at 11 o'clock; the preacher to be the rector, and Evensong and sermon at 7:30. The senior session of the Sunday school will meet at 9:45 o'clock and the junior session at 11.

Holy Communion will be celebrated on Thursday at 10:30 o'clock. The rector hopes to begin Confirmation classes early in November and would be glad to receive the names of those who wish to join them.

REV. DR. ROWE TO GIVE FIRST TALK

The Guild of Health will meet in the chapel of the Memorial Hall on Tuesday, October 24, at 8 o'clock, when Dr. Rowe, the warden, will give the first of a series of bi-weekly addresses.

GOUNDED TO BE HONORED HERE

Metropolitan to Hear Composer's Music—Evening, Oxford Group Members

The services of Metropolitan United Church tomorrow will be dedicated to the memory of Charles Francois Gounod, who was born 115 years ago and died on October 22, 1933. At the evening service, the pastor, Rev. E. F. Church, will preach an appropriate sermon and the choir, under the direction of Frank Tupperman, will present special music from the compositions of Gounod, including the following: Solo, "O Divine Redeemer," Mrs. T. H. Johns; violin solo by Miss Betty Sledge, "Ave Maria;" a section of the "Redemption," by the choir, with the solo parts being taken by Thelma Johns, T. Harry Johns and Frank Tupperman; Edward Parsons, at the console of the organ, will play selections from the eminent composer.

An Oxford Group team from Seattle will be the guest speaker at the morning service. The music will be taken from the works of Gounod, when the choir will sing the anthem, "Send Out Thy Light," and Dr. T. H. Johns will sing "There Is a Green Hill."

The Young People's Bible Class invites older young people to its morning session at 10 o'clock, in the auditorium of the church. H. Smith is teacher. The junior church will meet at 11 o'clock, under the direction of Rev. J. H. Harwood.

On Monday and Tuesday evenings at 8 o'clock the drama festival, under the auspices of the Young People's Union, will be held in the schoolroom. There are seven entries.

DESCRIBES LIFE IN FRENCH HOMES

Miss Vera La Pointe Addresses Kinmen Club on Recent Visit to France

Experiences while visiting in the French provincial town of Tours formed the topic of an interesting address by Miss Vera La Pointe to the Kinmen Club Thursday at a dinner-meeting in the Empress Hotel.

In describing the home life of the average French family, the speaker said that they had two main meals only during the day, these being lunch and dinner. Breakfast is light, consisting only of rolls and coffee. Wine is always served with lunch and dinner, as the Frenchman considers drinking a ritual not to be ignored.

The average Canadian would have more liberty than her French cousin, Miss La Pointe disclosed, stating that chaperons are still active in the provincial towns.

The French people have a warm spot in their hearts for Canadians, as Canada was at one time under the dominance of France, it was explained. Miss La Pointe answered many questions at the conclusion of her address. Stanley Martin moved a vote of appreciation to the speaker. President Archie Smith presided.

What Today Means

"LIBRA"

If October 21 is your birthday, the best hours for you on this date are from 6:30 to 8 a.m., from 11 to 11:40 a.m. and from 5:30 to 8:45 p.m. The danger periods are from 9:30 to 10:30 a.m., from 3:45 to 4:40 p.m. and from 7 to 8 p.m.

You will have to struggle for all that you get on this day. Things

will not come easily, people generally will be inclined to block progress wherever possible and it is probable that you will have to work pretty much in the dark along certain lines. Friction in the home will prove disconcerting.

The child born on this October 21 will probably have very little to say, although he will think a great deal. He will be possessed of an unusual degree of wisdom and on more than rare occasions he will drop very philosophic remarks. You will find this little one a hard worker and

possessed of great powers of concentration; a good student and a willing worker about the house.

If October 21 is the date of your birth, you are more than likely a person who is well able to get along with others, first, because you are a shrewd judge of human nature and instinctively know how to handle people; secondly, because of a forceful but magnetic personality which enables you to win people over to your side. If you fall in business, it will be because of your faulty judgment rather than because somebody

went out of his way to block you. You are inclined to be the "back-slapping" type of person, but without the usual insincerity that goes along with it. You are an adventurous person, but as you wander into new fields, you go prepared with your course mapped out in as far as is possible, and ready for any emergency.

Born on October 21, you cannot tolerate delay. You do not fuss and fume over slow progress, however, as long as there is reason for it. You enjoy straightening out complicated

tangles. When problems difficult to solve come your way, you cast all else aside and set to it; you become so engrossed that time becomes of no consideration, discomforts and even meals are quite forgotten. When you are away from your work, you must have a complete change of thought. You go to the theatre a lot and you like stories and books of a wild and lurid type. Your home means much to you.

RECORD ENTRY FILED FOR SCHOOL GALA TONIGHT

Meralomas to Meet Royals in Second Grid Match Today

Kitsilano Boys Will Take Six-Point Lead Into Fray—Ottawa Roughriders to Meet Montreal in Eastern Feature

WINNIPEG, Oct. 20 (CP).—Struggle for Saskatchewan supremacy headlines the Western Canadian football picture today. Pre-game prognostications are giving long odds to the famed Regina Roughriders, as result of Saturday's fixtures, will encounter Moose Jaw's smooth-passing Maroons in the provincial final. Roughriders, though badly crippled by loss of their three luminaries, Austin DePate, Charlie Harrison and George Gilhooley, are given the edge over Saskatoon Hilltops, who have not won a game this season.

The colorful Maroon outfit, it is anticipated, will have little trouble at Saskatoon in defeating Saskatchewan Varsity, which will mean a deadlock and necessitate a play-off with the Riders.

In the Alberta foothills, Calgary's Altamora Indians journey to Edmonton, where they will meet University of Alberta in the fourth game of the provincial series. With a commanding 2-1 lead tucked away, the Altamora, last year's provincial titleholders, can clinch the title with a win. Otherwise, the series will be prolonged to a five-game affair.

B.C. FINAL

Heartened by an 8-2 win last Saturday, Vancouver Meralomas take on New Westminster's squad in the second of a two-game total-point series for the British Columbia title and the right to meet the Alberta winner for the Far West handicap.

Manitoba's titleholders, Carl Cronin's Winnipeg, meet the last of their American opponents in an exhibition game with the Cobblers, from Moorhead, Minn. The Cobblers have an impressive record behind them, but the "Pegs" are optimistic. In three encounters with United States teams, they have won two and lost one.

GIRLS CONQUER CHOPPY WATERS

San Francisco Swimmers Reach Alcatraz Island After Great Feat

SAN FRANCISCO, Oct. 20 (AP).—Two San Francisco girls, one eighteen and the other twenty, faced the cold choppy waters of San Francisco Bay yesterday and swam from the city's waterfront to Alcatraz Island, the rocky fortress recently selected by the United States Government to house the most dangerous Federal criminals.

Miss Doris McLeod, eighteen, stroked her way easily to the island, circled it and swam on back to the pier from which she had started, completing the round trip in two hours. Miss Gloria Scigliano, twenty, a national junior titleholder, contented herself with swimming to the island, landing at the boat dock on the east shore. She made the crossing in fifty-seven minutes.

A few days ago Miss Anastasia Scott, nineteen, daughter of an army sergeant stationed at the island, swam across the channel to the mainland, becoming, so far as is definitely known, the first woman to perform the feat.

Remember When

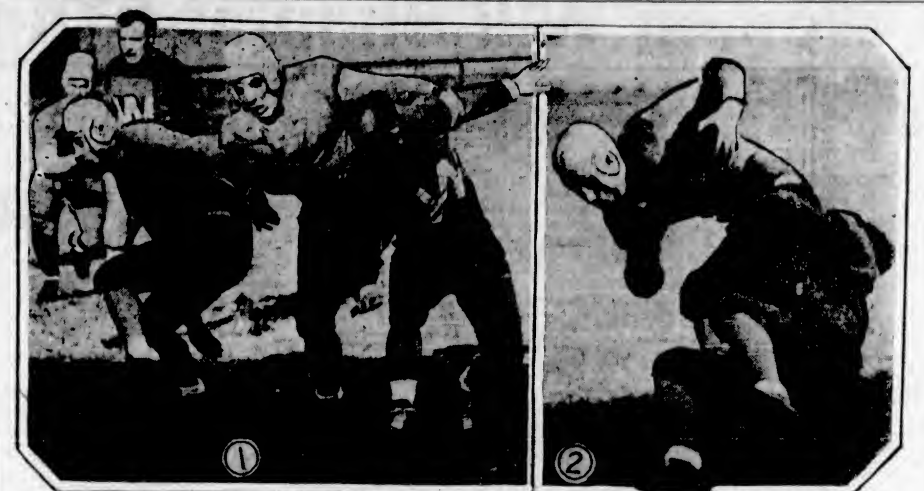

(Twenty-Five Years Ago)

The statement that it was the invention of the officials of the Victoria and District Football Association to call the three league matches, which were scheduled to be played last Saturday, but which were postponed owing to the Pacific Coast League game at Ladysmith, is refuted. Secretary Berkeley asserted yesterday afternoon that it was proposed to continue the series as outlined at the beginning of the season. If, because of the Pacific Coast League contests, it was found necessary to defer any of the home competitions, they would be brought on at the close of the season. It was thought that such a system would be better than interfering with the original arrangements every time something occurred to prevent one or two matches played on this date.

That Victoria is going to have a winning hockey team this season seems assured. The members of the Victoria club, augmented by a number of new players with experience and possessing reputations, have been training faithfully and are confident of their ability to win the Thorpe Cup as well as the trophy which is being offered by Col. E. O. Prior. They propose holding practices regularly until the initial match of the provincial series is called, and it is hoped that the same good attendance as in the past will continue.

The majority of the members of the Victoria Yacht Club have given their hearty support to the movement having for its object the organization of an International Power Boat Association. Through the representations of Mr. Poulsen, with whom a long interview was obtained and published by The Colonist, it has been led to believe that such a union is in the best interests of both yachting and motor boating in the Northwest. For that reason they have joined hands with the American clubs and will, in all probability, participate in a unit in the "conquer" which is being arranged to

Varsity Defeats Western in College Rugby

POSSESSING so much defensive strength that the Western Ontario Mustangs, 1931 champions, were able to secure possession of the ball only four times on Varsity's side of centre field, and making full use of the extraordinary punting ability of Jack Sinclair, who scored eighteen points during the afternoon, the Blue and White went into the undisputed lead of the Senior Intercollegiate Rugby series last Saturday by defeating Western by 21 to 2, at Varsity Stadium, before some 12,000 spectators. Here we see: (1) Sinclair, Varsity's meteoric halfback (background, left), getting away to a high-powered dash. (2) But the Western gladiators pile on and bring Sinclair down like this.

NINETEEN TO TRY OUT WITH N.Y. RANGERS

Lester Patrick's Hockey Champions Will Start Training Today

MONTREAL, Oct. 20 (CP).—With a dozen players already in and the others due within 24 hours, Lester Patrick's world champions, the New York Rangers, will be nineteen strong when they start their training grind here tomorrow for the National Hockey League campaign.

Of those reporting to Patrick today, five were newcomers. Jean Pate from the Vancouver Lions, Lorne Carr from the Buffalo Bisons, and Lawrence Mulcahey from the Quebec Beavers, are regular league players. Bert Connolly of the Montreal Hawks and Cam Sheehan, who still attends Manitoba University, are here for tryouts.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

The Alphabet Invented by an Illiterate—Sequoyah, whose English name was George Guesse, was a half-breed Cherokee Indian, born in 1770. Chancing one day upon an English spelling book, he hit upon the idea of creating a Cherokee alphabet. For this purpose he used the characters of the English spelling book, the device of which he did not know. Some of the letters he transposed; others he turned upside down. He devised a few of his own imagination. Thus he completed the invention of an alphabet of his own, consisting of eighty-five characters, each of which expressed a syllabic sound of the Cherokee language. The alphabet, which was immediately accepted for printing and writing, has been termed the most perfect alphabet ever devised for any language. Sequoyah died in 1845 and was honored by having the giant sequoia tree named after him.

The Cow With a Window on Her Stomach—"Betty" is a Jersey cow, owned by Dr. F. L. Clausen, a veterinarian of St. Paul, Minn. She has a hole in her side one and a half by three inches, and an opening of equal size in her stomach. Through a glass window framed in silver, which is affixed over the opening, her digestive functions can be closely watched.

Albie Davies to Meet Henry Woods At Yakima Next Friday

YAKIMA, Oct. 20 (AP).—Albie Davies, of Victoria, has agreed to meet Henry Woods, Yakima negro lightweight flash, in the ten-round main event of the American Legion Milk Fund boxing card, here, October 27, promoters said tonight. Woods was originally scheduled to meet Charlie Miller, of San Francisco, but Miller's manager wired that his boy has been injured and would not be able to appear. Davies agreed to make 140 pounds the day of the fight, and offered to fight on a winner-take-all basis.

Patrick expects to have fourteen members of his Stanley Cup aggregation again. So far those in Montreal are Andy, Aikenhead, Murray Murdoch, Art Somers, Ossie Osmundson, Doug Brennan, Cecil Dillon and Babe Siebert. The Cook brothers, Ching Johnson and others are en route. Frank Boucher is due from Ottawa tomorrow.

Three exhibition games have been arranged for the Rangers. They will face the Boston Bruins at Quebec in a matinee game, October 28; take on Montreal Canadiens at Kingston on November 2 and test Montreal Maroons at the Forum here November 4.

COAST MOGULS SIGN PLAYERS

Patrick, Foyston and Rowe Continuing Search for Men on Prairies

CALGARY, Oct. 20 (CP).—Pacific Coast hockey team managers were in Calgary today continuing their search for players. Guy Patrick, Vancouver; Frank Foyston, Seattle; and Bobby Rowe, Portland, declare they have secured players that will deliver a real brand of hockey when the newly formed Northwestern Professional Hockey League games start.

The hockey mentors, who have visited Regina, Saskatoon and Edmonton on their player hunt, refuse to reveal the names of any players they have signed.

It was believed, however, Pete Sande, Johnny Loucks, Sam Timmins and Gordon McFarlane, Calgary stars, will play with Coast teams this winter. While in Saskatoon, Foyston was reported to have signed Tony Hemminger, left winger of Saskatoon Quakers in the defunct Western Canada Professional Hockey League last year.

Other Saskatoon pro stars believed to be headed for Coast teams are Les Whittles, Archie Gray, Charlie Collins and Curly Headley. Bud Powley and Charlie Mason may also journey coastward.

Australian Champion Thoroughbred's Stay in U.S. May Be Lengthened

BALTIMORE, Md., Oct. 20 (AP).—Winooka, the Australian champion, may remain in the United States and race over the turf at the Hialeah Park meeting, at Miami, Fla., this winter. Trainer Michael Polson today notified Racing Secretary Joseph McLennan he will cable the owners of the Australian horse, W. U. McDougal and A. J. Mathews, requesting permission to keep the five-year-old son of Windbag in America after he fills his fall engagements.

McLennan stated he would confer with Joseph E. Widener, chairman of the board of the Miami Jockey Club, this week-end, to recommend posting of a purse for a special turf race, in which Winooka would run, late in February.

Dave Clarke Wins Billiard Laurels At Naval Veterans

Dave Clarke captured the billiard championship of the Naval Veterans' Club, recently, by defeating S. Ruffell in the final, 300 to 150. The newly-crowned champion was presented with the perpetual trophy, last night, at the club headquarters. In the semi-finals of the tourney, Clarke dethroned Martin Woodburn, defending titlist, in one of the closest matches of the meet, 200 to 190.

Bodyline Bowling Controversy Will Be Reopened

DELAIDE, Australia, Oct. 20 (CP).—The whole bodyline bowling controversy which threatened relations between Australia and the Mother Country, possibly leading to abandonment of the Aussie tour of England next summer, will be reopened at a special meeting of the Australian Board of Cricket Control here November 16.

Not long ago it appeared amicably settled and the itinerary for the Australian tour of England was arranged.

Several members of the Australian Board, however, were not satisfied with the stand taken by the M.C.C. Their attitude is while the M.C.C. agreed bowling directed at the batsman would be an offence, it gave no definite assurance these tactics would be banned.

ANNUAL SWIMMING CLASSIC ATTRACTS OVER 200 STUDENTS

Keen Competition Expected in Aquatic Meet at Crystal Garden This Evening—Britannia Branch and Penderay Cups Up for Competition—Entry List Is Announced

Children of all ages, representing the various institutions in Victoria and district, will assemble tonight at the Crystal Garden at 8 o'clock to compete for the ninth annual swimming gala sponsored by the Victoria and District School's Sports Association. More than 200 entries have been filed with the secretary, George Warren, and the competition is expected to be the keenest in years. Final arrangements were completed yesterday for the big classic and a large turnout of parents, teachers and students is expected.

Both trophies, the Britannia Branch and Penderay Cups, will be defended. The last-minute entry of the girls' relay team from Monterey School assures the defence of the Penderay Cup against some strong opposition, while Sir James Douglas School will attempt to make it two straight in the boys' relay event for the Britannia Branch Cup, both schools have lined up formidable quartettes with hopes of retaining the silverware.

NURMI'S WIFE AFTER DIVORCE

GREAT FINNISH RANMER AND BRIDE OF TWO YEARS WILL Part

HELSINKI, Finland, Oct. 20 (AP).—Paavo Nurmi and his wife of less than two years have separated. Despite denials, it has been learned Mrs. Nurmi already has taken steps toward obtaining a divorce and custody of their year-old boy, Matti.

The Associated Press correspondent interviewed the wife at Turku, native town of the footracer, and verified reports the couple disagreed on Paavo's interest in athletics as well as on the future of their son. "I have never engaged in athletics, and they do not interest me," said Mrs. Nurmi. "I have never seen Paavo run. For me, he is a man, not a sportsman. His concentration on athletics at last forced me to go to the judge for a divorce. You see, an athlete should never marry, unless he is willing to forego much of his activities."

Lakehead Stars May Compete in Chicago League

PORT WILLIAM, Oct. 20 (CP).—Rumors had spread a dark cloud over the amateur hockey situation at the Head of the Lakes, and intimations are the Thunder Bay team will operate mainly a whole hockey team this winter.

Persistent reports are to the effect several of the twin cities hockey luminaries will be taken as nucleus for a new six-team circuit that is planned in and about Chicago.

Among players said to have been approached are Al Ramee, Gus Saxberg, Arnold Dawson and Clem Spooner, of last year's Port Arthur seniors; Bill Hogarth, who played his final junior year with Kenora last season, and Jack Smith, Port William youth, who performed with Toronto St. Michael's College Junior O.H.A. in the 1922-23 campaign.

ST. SAVIOURS TO FIELD STRONG XI FOR FIXTURE

Mainlanders Will Battle Local Reps At Athletic Park

First of Intercity Soccer Series to Take Place This Afternoon at Local Enclosure—Visitors Bringing Formidable Eleven—Victoria Power-ful—Big Crowd Is Expected

Victoria's entry in the first division of the Vancouver section of the Pacific Coast Football League will battle St. Savours, strong mainlander eleven, in the first scheduled inter-city fixture of the season this afternoon at the Royal Athletic Park at 3 o'clock. The local squad, under the management of Joe Bloom, of the Victoria City Club, is reported to be in first-class shape and will march on the playing pitch at even odds to come out on the right end of the score. The invading footballers will be at full strength and are confident of returning home with a victory. Samuels will handle the whist, while Alcock and Cobb will act as linesmen.

The locals' win over St. Andrews, last year's champions, here on Thanksgiving Day, 3 to 0, will make them feared opponents from the opening whistle. St. Savours were held to a 3-5 draw by St. Andrews in their last appearance. This year Victoria will be meeting such clubs as New Westminster Royals, Vancouver Regents, St. Seavours and St. Andrews, and the leading clubs at the end of the schedule will clash in a play-off series for the league championship.

SAINTS STRONG
St. Savours will be bringing a powerful team here and will be introducing some new material to the fans. The majority of the players are well known to the public, having appeared here several times in the past few years. Albright will guard the net, while W. Ross and

McGill Golfers Take Leadership In Trophy Meet

MONTREAL, Oct. 20 (CP).—McGill University went into the lead in the annual competition between Toronto Varsity and McGill University for the Ruffian trophy, at the inter-collegiate golf championships being played here today and tomorrow. The trophy was won last year by Toronto. McGill led their Toronto opponents nine points to six.

N.H. League Notes

The young man who would impress Lester Patrick, of New York Rangers, should step right up to the boss and say: "They can't beat us." It's a rookie with this spirit Lester is looking for. He was highly impressed with young Blended Ryan, of the Giants, as he watched the world series.

One of hockey's highest scoring forward lines would be broken up if Toronto Maple Leafs trade or sell Charlie Conacher, right wing star. But Conny Smythe continues to say he expects contact troubles between Conacher and the Leafs to be settled promptly. The "Big Train's" big brother is the only Leaf—with the exception of Lorne Chabot, and Lorne got himself traded to the Canadiens—to balk at taking a salary cut.

LeRoy Goldworthy, who thinks as much of his career in baseball as hockey, goes back to the minors. Detroit Red Wings drafted Goldworthy from the International League Olympics late last season, and used him for the balance of the season. Yesterday Gold and Frank (Deacon) Waite, centre, were traded to London of the International League for Gene Carrigan.

Goldworthy was one of the leading pitchers for Winnipeg in the Northern Baseball League last summer, winning more than twenty games. Major league scouts are interested in him. Carrigan scored nineteen goals and fourteen assists for London last season.

Manager Jack Adams has been more fortunate than most in picking minor league material. Last season Carl Voss and Eddie Wiseman were stars in their first big league campaign.

Ottawa Senators, seeking experienced players, have made an offer to the Philadelphia club, of the Canadian-American League, for Paul Runge, league-leading scorer last season. Senators have offered to trade two seasoned forwards for Runge, a left winger.

Joe practitioners of the Senators are attracting large crowds at Ottawa.

McGill Defeats Queen's Easily In Track Meet

KINGSTON, Ont., Oct. 20 (CP).—McGill retained their inter-collegiate track and field championship today, defeating University of Toronto and Queen's with ease as Phil Edwards, dusky Olympic middle-distance runner, and Gordon McKeljohn, former Michigan State weight man, accounted for four red triumphs between them.

The red force from Montreal amassed a point total of seventy-three to Varsity's thirty-eight and Queen's twenty-four. Edwards won the mile and half mile handily and placed second to Bill Pfitz in the 440. He also won the 880. McKeljohn won the shot put and discus throw.

CHINESE HOOPSTERS SCORE EASY VERDICT

Chinese Students tossed basketballs at a rapid pace Thursday night at the Centennial gym to trim First United Adanacs in the junior division of the Sunday School Basketball League by a 58 to 9 score.

The Students piled up a big lead in the first half, scoring thirty-nine of their points, while the best the Adanacs could do was to register two field goals.

Alan Le Marquand refereed and teams follow:
Chinese Students—Q. Lowe (4), P. Nipp (13), P. Lowe (5), C. Nipp (4), H. Lowe (3), H. Wong (4), J. Lowe (11), K. Mar, W. Lowe (4).

Anna Peden was the mile and half mile handily and placed second to Bill Pfitz in the 440. He also won the 880. McKeljohn won the shot put and discus throw.

SHERWOOD WINS RACE

In a match race between Percy Sherwood and George Staird around the Willows Thursday, Sherwood won by the slim margin of eighteen inches. A large crowd witnessed the gruelling struggle, which proved to be a great race, both boys being in the "pink" of condition. Staird ran a beautiful race and led to the last quarter, when Sherwood closed in on him and sprinted to a close finish.

Entry List for Badminton Loop To Close Friday

ENTRIES for the various divisions of the Lower Vancouver Island Badminton League will close Friday evening, October 27, Secretary Stan Holman announced yesterday. Any club wishing information concerning the league is asked to communicate with Secretary Holman, 706 Cook Street, or by phoning 2-2389. The league will swing into action early next month.

Two Western Men Will Officiate in National Hockey

MONTREAL, Oct. 20 (CP).—Two Western Canada officials who have not previously worked in National Hockey League games were announced tonight as additions to the refereeing staff of the major league by Frank Patrick, managing director of the league in direct charge of officials.

The men are Harry Cameron, of Saskatoon, remembered vividly in the East as a star of almost twenty years ago, when he led Toronto to the National Hockey Association title and Stanley Cup in 1914 and again in 1918; and Kenneth Paul, of Vancouver, an official of the Western Canada Professional Hockey League last year.

Patrick stated the full list of referees would be announced tomorrow. Today, Connelly, Queen's singles champion, was taken to three sets by R. Murray, McGill, before his superior strength gave him a 3-6, 6-4 win.

Wat had less trouble reaching the final, disposing of J. Marler, of the University of Montreal, 6-3, 6-0. Results of the singles matches will decide the team championship. McGill has seven points to Queen's six.

Tunney Thinks Boxing Will Be Revived Shortly

SAN FRANCISCO, Oct. 20 (AP).—Making his first visit to San Francisco since shortly after he won the heavy weight championship from Jack Dempsey, Gene Tunney arrived here today and renewed acquaintances during a brief stay. He intended to leave later today to inspect mining property in California, the man who retired undefeated in boxing, saying it was in the doldrums, just as many other businesses. He said he looked for a revival of the sport.

Tunney and his party planned to proceed to the state's eastern border by automobile.

Racing Renewed In Texas After Lengthy Absence

ARLINGTON DOWNS, Texas, Oct. 20 (AP).—Horse racing with legal betting came back to Texas yesterday for the first time in more than a quarter of a century, with a card of seven races at this \$3,000,000 track. Racing was never outlawed in Texas, but it was illegal to bet until the Legislature recently passed a law providing for the pari-mutuel system of wagering.

More than seventy ticket windows were opened for betting, under the pari-mutuel system, at from \$2 to \$50. The season will run twenty-one days.

KENNY MCKENZIE TO QUIT HOCKEY

EDMONTON, Oct. 20 (CP).—Kenny McKenzie, noted Edmonton professional hockey manager, has declared his intention of quitting the sport to return to fur trading in the North.

McKenzie brought to Edmonton such noted stars as "Bullet Joe" Simpson, Art Gagne, Ty Arbour and Gordon "Duke" Keats. McKenzie's last venture into hockey occurred last year, when he managed the Regina team in the now defunct Western Canadian Professional Hockey League. The team later moved to Vancouver.

Race Horse Doping To Be Investigated In Eastern Canada

TORONTO, Oct. 20 (CP).—An investigation into the alleged doping of race horses was commenced today by the Ontario Government, through Edward Bayly, K.C., deputy attorney-general.

Mr. Bayly stated he is communicating with the various jockey clubs and race tracks for the purpose of getting information as to whether they suspect doping has been going on.

BUFFALO TO HAVE ICE HOCKEY TEAM

BUFFALO, N.Y., Oct. 20 (CP).—Prospects of Buffalo's participation in the International Hockey League this season were brighter today. Frank B. B. Baird, Buffalo capitalist, will advance sufficient money to enable signing of players.

Star Defenceman Of Boston Bruins Will Quit Hockey

BOSTON, Oct. 20 (CP).—George Owen, of Hamilton, star defenceman of the Boston Bruins last season, will retire from the game and devote his attention to his brokerage business, it was learned today.

Stock Prices at New York Move Higher in Rally

NEW YORK, Oct. 20 (AP).—The eagerly awaited rally finally appeared in stocks today. It was fostered by a good upturn in wheat. By reports the Government was planning action to allow agricultural unrest and by rumors the matter of Russian recognition had attained more definite status.

Net gains of 1 to 4 points were a pleasant reversal of the market's dominant trend this week. Call money held at 3-4 of 1 per cent.

Rail stocks were helped in their recovery by car loadings which last week were 664,000 cars, well above a year ago when the 1932 high had been made. New York Central, Santa Fe, Illinois Central, Baltimore & Ohio, Southern Pacific and Pennsylvania were 1 to 2 points; Union Pacific rallied 4.

In U.S. Steel, American Telephone, Westinghouse, Sears Roebuck and American Can the improvement also ranged to 1 to 2.

Sales of stocks totaled 2,698,760 shares. Bonds shuffled about nervously in cautious trading today pending clarification of the European picture. Sales totaled 99,645,000 par value.

Rails edged up fractionally to around 1 point and modest advances were held in industrials.

The foreign list was dull. French bonds eased 1 to 2 points as the franc declined.
